PaperWise Natural -unbleached pure paper- is made from high-quality fibers sourced from stems and leaves left after the harvest of grains, rice, hemp or sugarcane. PaperWise turns plant residues into something beautiful and eco-friendly.

Contribute to a better world. PaperWise guarantees the **lowest environmental impact: 47%** lower than tree-based paper & board, **29%** lower than recycled board and paper. PaperWise is **tree-free, CO₂-neutral** and **generates extra income for poor farmers**. Numerous certifications for **compostability, food safety, recyclability** ensure high quality.
