

Enhance interactions between residents, families and your teams

Free for families / Unlimited users

Discover our easy-to-use solutions

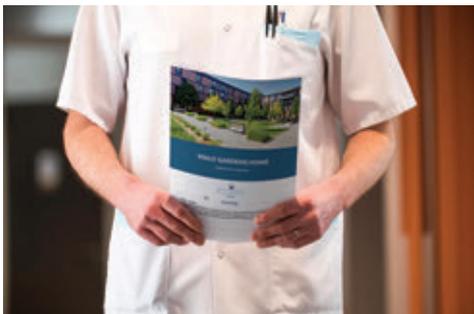

Gazette

Every week, each resident receives a printed gazette personalised with messages and photos from their loved ones.

Community wall

Use the community wall to easily connect with residents' families and share news, updates and photos from daily life in the care home.

Newsletter

Easily create an internal newsletter with Famileo's ready-to-edit template.

Activity booklet

Every month, Famileo offers you a ready-to-print activity booklet adapted for your residents (15 to 20 pages).

TV Box

Display an automatic slideshow of your pictures on a screen, TV at the reception, or in the lounge, thanks to Famileo.

Famileo addressing issues specific to care settings:

Disconnection
Dementia care
Ageism Sundowning
Loneliness
Arrival in a new environment

For everyone's benefit

Maintaining the family link, no matter the distance

Improve the link between generations encouraging dynamic connections between residents, families and your team.

Bridging the technological gap

Respect the communication habits of everyone: paper for the resident and digital for the rest of the family.

Engage your resident

A tangible conversational tool which helps you get to know your residents and their families better, and build meaningful relationships with them.

A tool adapted to all residents

Helps those who have vision issues, limited ability to communicate, are non-verbal or living with dementia.

Easy and straightforward

Easy to understand, easy to work with, easy to update.

A team to help you

Customer support available every step of the way!

CARE GROUP

They love Famileo...

"When I have a resident who doesn't really engage and I get a reaction from them...just getting the smiles and the laughs that you don't usually hear. That's my favorite part of Famileo!"

Sophie, Activities Co-coordinator, MHA

"This is an excellent service to enable your relative to see what you have been up to and to share memories. When visiting my mother it is great to go through the gazette with her, which helps her memory. She appears to enjoy talking about the events and memories. Long may it continue."

Emma, Family member, Forest Care Home's survey
