

## **MOSS MIX - on flax backing, adhesive foil**

**Artikel Nr.** MOSMIX0085FVPRW

**Light and dark green moss from upcycling on breathable flax fleece or flax fleece with PVC-free adhesive foil.**

**A forest bath, please! This natural surface combines lush greenery with the moisture-regulating properties of real moss, creating a vibrant experience for the senses. Different moss varieties offer a harmonious interplay of texture and colour, bringing the freshness of the forest directly into your space. Treat yourself to a piece of nature that soothes and sustainably improves the indoor climate.**

**Order your DIN A5 sample now!**

Upcycled light and dark green moss in full, premium coverage, available on Flax fleece and self-adhesive foil – making every application in interior design possible.

## Characteristics

|                            |  |
|----------------------------|--|
| <b>Raw material</b>        | Colourful mix of light and dark green moss |
| <b>Scent</b>               | ● ○ ○                                      |
| <b>Light fastness</b>      | ● ● ○                                      |
| <b>Abrasion resistance</b> | ● ● ●                                      |
| <b>Vibrancy</b>            | ● ● ●                                      |

## Technical details

|                     |  |
|---------------------|--|
| <b>Backing</b>      | Flax Backing   |
| <b>Format</b>       | Rolled goods, width: 1,360 mm                          |
| <b>MOQ</b>          | 1 m <sup>2</sup> ( ca. 0.74 running metre)             |
| <b>Weight</b>       | 600 g/m <sup>2</sup>                                   |
| <b>Thickness</b>    | 0,8 mm   |
| <b>Flexibility</b>  | Bending radii up to 0,5 mm, at least 5 cm flat surface |
| <b>Translucency</b> | opaque   |

## Material details

**Wallpapering technique** Do not apply glue to the back of the wallpaper, but to the surface. Please note our glue recommendations.

**Overlap and double-cut** Each panel overlaps approx. 2 cm with the one next to it. Please note the edge tolerance.

**Free match** Free match  
The naturally scattered materials do not require matching patterns between panels.

**Breathable** The natural flax fleece backing is breathable, unbleached, ecological and climate regulating.

## Processing

### Wallpaper

Installation of Organoid® natural surfaces on flax fleece as a wallpaper:

- Wall-pasting technique
- Pay attention to Organoid glue recommendations
- Double cut: Each panel overlaps with the one next to it (approx. 2 cm)
- Cut with scissors, cutter or plotter
- Pre-trials recommended
- In the case of wallpapers, the effect is to be checked after processing three strips. Claims that go beyond the replacement of defective goods will not be accepted.

Processing

### Décor

Installation of Organoid® natural surfaces on flax fleece in woodworking (décor):

- Process with normal wood-working machinery
- Glue (e.g. white glue) is applied onto the wooden materials, as the fleece absorbs moisture and glue stains may appear on the front if glue is applied to the fleece
- Cover the natural surface with the enclosed separating paper
- pressing temperature. 60°C
- For sensitive wood-working applications, use a counter-balance (enclosed on request)
- Cut with scissors, cutter or plotter
- Pre-trials recommended

Processing
