Discover Freedog's new collection of cooling beds, thoughtfully designed to deliver maximum comfort for your pet on hot days—without compromising the planet. Crafted from 100% recycled, high-quality and durable materials, this range proudly carries the Global Recycled Standard (GRS) certification, ensuring full traceability and a genuine commitment to sustainability.

Thanks to their innovative inner cooling gel, these products provide instant freshness and efficiently absorb excess body heat, helping your pet stay cool, relaxed and comfortable, even during the warmest days. Available in multiple sizes, they are perfectly suited to all types of pets, from the smallest companions to larger breeds.

What's more, they are reusable summer after summer, making them a long-lasting, eco-responsible choice that reduces waste and supports a more sustainable lifestyle. With Freedog, your pet enjoys a cool, safe and sustainable rest—today, tomorrow and for many years to come.
