FOOD SAFETY

Quality and Safety Without Compromise

We follow internationally recognized standards and controls to deliver safe, consistent and traceable ingredients.

BRCGS

Target certification under implementation for our manufacturing facility.

EU ORGANIC

Compliant with Europe organic standards, meeting strict European residue limits.

USDA / NOP

Compliant with US organic standards, cleared for FDA import and clean-label products.

STEAM TREATMENT

Eliminates 99.0% bacteria and mold, leaving no chemical residue, preserving oil content, rich flavor and appearance.

5-LOG VALIDATION

Validated pathogen kill-step that makes raw spices safe for direct, ready-to-eat applications.

CUSTOM BLENDING

Your Blend. Your Brand.

Spice, herb and botanical blends developed for your application.

01

Develop the blend

Bring your formula or application brief. We align ingredients, cut sizes and flavor through sample feedback.

02

Choose the pack

Discuss bottle or pouch size, material, closure and label presentation for suitable ingredients.

FLEXIBLE PACKAGING SOLUTIONS

We Deliver From Bulk to Retail.

Transforming raw ingredients into high-valued products with dedicated packaging lines.

INDUSTRIAL BULK

Optimised for high volume processing, spice mills, and global distributors.

FOOD SERVICE

Functional formats for HoReCa and professional kitchens.

RETAIL & PRIVATE LABEL

Consumer-friendly packaging for retail brand & private label.

RETAIL PACKAGING SOLUTIONS

Shelf-Ready & Private Label.

Tailored packaging for modern Retail & FMCG Brands.

BOTTLE PACKAGING

Ready-to-use jars optimized for the retail and culinary services.

POUCH PACKAGING

High barrier pouches offering superior protection against moisture and oxidation.

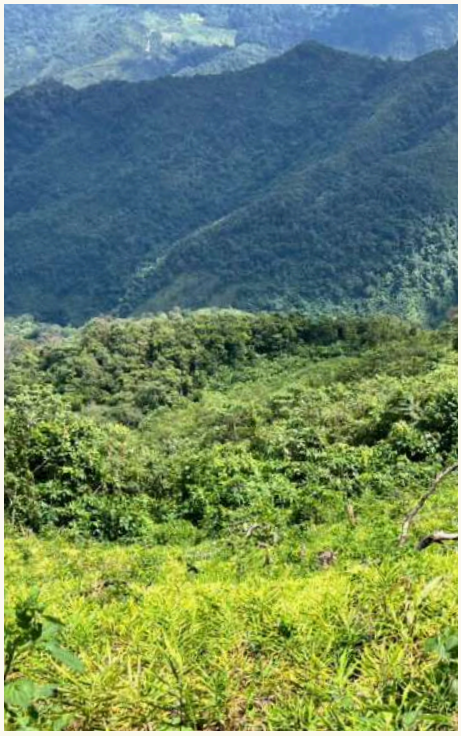

ROOTED IN ORIGIN

Sustainable Sourcing in Vietnam.

Our vision is to empower farmers by supporting Vietnam's organic agriculture and sharing the authentic richness of Vietnam organic food with the world.

Direct Farmer Relationships

Traceability From The Origins

Unique Vietnam Characteristics

MORE THAN A SUPPLIER

Build Around Your Business

We combine local origin knowledge with a customer-focused approach to ingredient development and supply.

Sustainable Sourcing

Vietnam origin relationships and full-traceability.

Consistent Quality

High quality and unique characteristics from origin, compliant with organic and global standards.

Advanced Manufacturing

Product-specific processing, steam sterilization, packaging systems under strict standards.

Customized Specifications

Flexible cut sizes, processing methods, and packaging designed for customer requirements.
