Sniper Rifle M07 M

- Bolt action rifle, based on Mauser M98 mechanism
- Cold forged heavy barrel guarantees exceptionally high reliability and precision
- Fully adjustable folding stock

- The receiver and Picatinny rail are made out of one block of material
- Picatinny rail and K-hole enable mounting of various accessories
- Long Picatinny rail on the receiver and over the barrel
- Adjustable trigger mechanism with single trigger

- Mechanical safety has three positions: safety on, safety off and secure position that enables unlocking of the mechanism, but the rifle cannot be triggered
- A muzzle brake significantly reduces recoil
