

GUNFLOWER INDUSTRIAL CO.,LTD.

1. Company

Gun & Flower is China's premier one-stop manufacturer specializing in the development, design, production, and sales of high-end leather, nylon, polymer, and kydex police and military equipment. Our product range includes tactical flashlights, red and green laser sights, weapon-mounted lights, gun holsters, handcuff cases, magazine pouches, baton holders, flashlight holders, badge holders, duty belts, duty rig kits, vests, and other law enforcement and military gear.

The name Gun & Flower embodies our mission: "guarding peace with force." "Gun" represents the strength and protection we provide, while "Flower" symbolizes our dedication to maintaining peace and harmony.

2. The Owner and Team

Our founder, Mr. Su Wei, served as a police officer for over a decade. With extensive experience in weapons and holsters, he has actively participated in several criminal arrests, demonstrating his practical expertise.

We also have a team of professional engineers who possess extensive experience and specialized knowledge in design, structure, and materials. They are well-versed in relevant patent laws and regulations. Moreover, both the owner and several of our engineers have served in the military and police forces, providing them with invaluable insights. This unique combination of

skills and experiences enables our engineers to design products that excel in both functionality and appearance.

3. Production Lines

- * **Five Specialized Production Lines:** We operate dedicated production lines for leather holsters, Kydex holsters, polymer holsters, nylon holsters, and tactical flashlights and weapon-mounted lights, ensuring precision and quality across all product categories.
- * **Extensive Product Range:** Our catalog features over 2,000 SKUs, offering a diverse array of holsters and lights to meet the varied needs of law enforcement and military professionals.
- * **High Production Capacity:** With a monthly production capacity of 400,000 units, we are equipped to handle large-scale orders and ensure timely delivery.
- * **Advanced Manufacturing Equipment:** Our facility is equipped with more than 50 state-of-the-art production machines, enabling efficient and high-quality manufacturing processes.
- * **Innovation and Patents:** We pride ourselves on innovation, holding over 200 patents for our products, which reflect our commitment to advancing technology and design in the industry.
- * **Quality Assurance:** Each product undergoes rigorous testing and quality control to meet the highest standards of durability and performance.

* **Experienced Workforce:** Our team of skilled engineers and technicians bring years of experience and expertise, ensuring excellence in every aspect of production.
