- Clarity & transparency - unambiguous results

CLARIUS LEGAL is a modern law firm based in Hamburg, specializing in legal outsourcing, legal tech, compliance and data protection. The team of experienced lawyers offers flexible solutions for companies.

A special feature is the integration of legal tech, e.g. a document generator for legally compliant contracts. In 2022, the law firm won the Best of Legal Award in Compliance.

CLARIUS LEGAL is managed by Dr. Ernst Georg Berger and Nils Oberschelp. With over 180 clients, it is one of the pioneers of innovative legal advice.

RIEDEL Networks is a global network provider based in Butzbach, Germany, specializing in tailor-made telecommunication and network services for medium-sized companies as well as the media and event sectors.

The company offers Internet connections, MPLS, SD-WAN and Cloud Connect, among other things. One outstanding offering is RIEDEL Enterprise Defense [R.E.D.], which provides comprehensive IT security solutions.
