PREMIUM FOOD BASED ON FRESH INGREDIENTS,
FOR **DOG** AND **CAT**

happyOne Premium is changing.
Now with a new image and even better formulas!

HAPPYONE PREMIUM IS SPECIALLY CREATED TO SATISFY THE MOST DISCERNING PALATES.

happyOne Premium contains natural ingredients so that your pet can enjoy a tasty, healthy meal.

Fresh, high-quality proteins are more digestible which is why they allow better absorption of the nutrients existing in foods.

The fresh ingredients simply go through a thermal process before their consumption, this being the reason as to why they maintain a higher amount of concentration of nutrients and vitamins.

"As manufacturers, we are able to monitor quality throughout the production process, from the selection of ingredients to the dispatch of the finished product.

We aim to promote the health and well-being of dogs and cats."
