

SPRAY COATING MACHINE **ROBUSeco**

ROBUSeco is the pragmatic entry-level solution for automated spraycoating of flat workpieces. The system combines a space-saving design with reliable technology and offers everything needed for a productive start.

Key Facts

- ✓ Low-vibration coating due to stable machine frame
- ✓ Paper belt or PVC conveyor belt with lacquer recovery and belt cleaning
- ✓ 5 filter levels ensure optimum air quality in the spray booth
- ✓ Scanner bar for identifying the placed workpieces

Technical Data

Working width	up to 1300 mm
Workpiece thickness	3–80 mm
Belt speed	2–6 m/min
Number of guns	up to 12 automatic guns
Conveyor belt	Paper or PVC belt

Product Overview

- ✓ Entry-level solution for automated spray coating in small to medium-sized productions
- ✓ Particularly suitable for craftsmen, carpenters, and SME's with varying quantities
- ✓ Guaranteed consistently high surface quality with minimal overspray

Product Features

- ✓ Up to 6+6 guns possible
- ✓ Intuitive control via user-friendly HMI/control panel
- ✓ Integration of multiple color/material circuits for flexible lacquer changes
- ✓ Designed as a stand-alone solution and suitable for integration into fully automated production lines

About BÜRKLE

As a leading global supplier of innovative machine and systems technology, BÜRKLE has stood for quality, precision, and customer focus for decades. With over 450 employees worldwide, we develop and implement forward-looking production solutions. Our headquarter in Freudenstadt, Germany, is the center for development and manufacturing and together with five other locations in Europe, North America, and Asia, manages our international activities — ensuring a strong regional presence and uniform quality standards worldwide.

SERVICE

In the BÜRKLE Service department, we support your systems throughout their entire life cycle and ensure maximum availability in daily operation.

Our service portfolio includes:

- ✔ Technical support and remote service
- ✔ Original spare parts and spare parts packages
- ✔ Maintenance and service contracts
- ✔ Retrofit and modernization solutions

TECHNOLOGY CENTER

At the BÜRKLE Technology Center, we work together with you to develop and optimize future-proof production processes under real and practical conditions.

What you can expect from us:

- ✔ Product and process development
- ✔ Definition of optimal parameters and concepts
- ✔ Tests on modern systems
- ✔ Detailed evaluation and documentation
