

Q-LINE

SOFT FORMS AND
FLEXIBILITY

A system that provides endless options

Q-line is, without doubt, our most versatile system. It comes with a mass of different components that can deal with most architectural challenges, and just about any special requirement. You can even create a railing with a totally polished finish. Or how about bringing in some parts from other systems to create a totally unique design? Just let your imagination go.

The Q-line range is extremely versatile, with various surface and infill options, top and fascia mounting and even stair solutions.

Q-line

Designed for: Light to heavy use
Use: Indoor and outdoor
Variants: Top, in-floor and fascia mount
Applications: Balconies, galleries, walkways, dividers, stairs and Juliet balconies
Material: Stainless steel 304 and 316 (satin or mirror polished)
