Company Profile

Kumar Industries is an ISO 9001:2015 & 14001:2015 company, engaged in the manufacture and export of high quality pet products from India. Since its inception in 1997, the company has been involved with International Trade and enjoys a very good reputation with all its clients.

At Kumar Industries, we understand the importance of quality control and cost management, hence we have established a strong infrastructure that helps us meet our goals in the most efficient way

We have a manufacturing facility with 50,000 Sq. ft built up area, Inside the city of Delhi.
Which is very close to Main Stainless Steel Area of Delhi.

Locational Advantages | Kumar Industries

- Kumar Industries manufacturing facility is located in Delhi, which is a manufacturing hub of Northern India.
- Our location gives us great advantages to work with a wide range of materials including Metal, Wood, Melamine, and Silicon products for which the catchment areas are well known.
- Particularly for Delhi is located within largest Steel producing area as well as 100 kms away from some major raw material producing mills.
- Delhi is also one of the centers in North India and is a major contributor to the overall exports of the country giving us a great edge to to have a multi material approach. This also gives us the unique ability to consolidate shipments for metal, wood, Melamine & silicone products.
