

PREFORMED THERMOPLASTIC

SWARCO PREFORMED PLAYGROUND

MORE SAFETY, MORE FUN

Playgrounds are an essential part of every community and children spend countless hours of the day having fun with what the playground has to offer. Why not utilize this time for children to acquire basic skills in playful ways?

SWARCO PREFORMED Playground makes learning fun! The markings are great additions to playgrounds at schools, churches, daycares, community centers and parks. With the vibrant colours used in playground markings, children are motivated to enter into activities and become involved in purposeful play increasing motor skills, all while cutting down on playground confrontation.

SWARCO PREFORMED Playground
brightens up everyday life and makes it
safer and more fun.

CHARACTERISTICS

- Available in 3 mm thickness
- Ready to install out of the box

VISIBLY BETTER

- Custom colour matching available
- Standard colours include white, yellow, blue, black, red, green, purple & orange

NOTICEABLY MORE COST-EFFECTIVE

- Lasts 8 to 10 times longer than paint
- Durable long-term performance provides for an economical investment

CRYSTAL-CLEAR ADVANTAGES

- Tailored precisely to individual customer requirements
- Quickly and easily installed, no specialized equipment required
- Environmentally sound: zero VOCs; heavy-metal-free pigments
- Can be installed at lower temperatures, extending installation season
- Skid resistance certificate available upon request

LIFE IS COLOURFUL AND SO IS OUR PORTFOLIO

Learning, playing and having fun: bright preformed markings in schoolyards and playgrounds inspire children to interact with each other and let their imaginations soar. Whatever you create – whether it's a letter maze, a number snake, a huge compass or a rocket to the moon – it's guaranteed to make learning fun.

LIFE IS FUN!

Obstacle courses encourage kids to problem-solve, requiring lots of physical movement which is crucial for childhood development.

ON YOUR MARKS, GET SET, GO!

SWARCO PREFORMED Playground is easy and quick to apply

SWARCO PREFORMED Playground provides customers with the durable quality of thermoplastic pavement markings without requiring expensive equipment for installation. Our preformed thermoplastic markings are pre-cut into lines, legends, symbols and shapes, ready to install out of the box with a gas torch.

1

Equipment: Torch, broom, piece of chalk and drop-on material. Use a primer if necessary.

2

The area to be marked must be clean, completely dry and free of dust and oil. Draw the outline in chalk.

3

If it is cool and moist, pre-heat (thoroughly dry) the substrate. Apply primer and let it flash off.

4

Place SWARCO PREFORMED Playground on the marked area.

5

Use the torch to heat the entire surface of SWARCO PREFORMED Playground until it starts to bubble.

6

Apply the drop-on beads to SWARCO PREFORMED Playground.

7

Clean the marking with a broom and use a sharp object to check that it is securely adhered. It can be walked and driven over after just a few minutes.

SHOWING THE WAY, WORLDWIDE

SWARCO | The Better Way. Every Day.

In 1969 we started out with the manufacture of tiny reflective glass beads. Today we have grown into the world's largest systems provider for road markings. Making roads safer and saving lives on a daily basis. Our high quality products and services, safely direct traffic flow from A to B, every day and night. On all roads, in any weather, and all from SWARCO.

We prepare for the future, by fusing knowledge with innovation at our Competence Center for Glass Technology and Marking Systems. So, even with smart and autonomous driving, we continue to blaze the trail of premium road markings to the world. Jump in and drive with us; we will be happy to help you find your ideal road marking solutions.
