SIGNATURE PRODUCT

Eco-friendly, Easy-to-clean Cat Litter Made with Nanotechnology

Meoshare cat litter is founded on the principles of sustainability, safety, and convenience, redefining the standards of pet care through innovative technology. We carefully select natural plant-based materials such as corncob, and use nano-modification and physical puffing techniques to create ultra-hydrophilic plant fiber litter. While ensuring the product is safe and non-toxic, we strive to provide a more comfortable living experience for both pets and their owners.

Product Advantages:

- Made from 100% natural ingredients
- Nano-tech for quick clumping and long-lasting odor control
- International safety certified with zero formaldehyde detected
- Gentle on skin; helps prevent pet allergies
- 90% less dust for a cleaner indoor environment
- Fully flushable; simplifies daily cleaning

\$562.⁰⁰/Ton

Meoshare Plant-Based Cat Litter

is made from corncob and other natural plant materials.

Specification

Diameter 1.5 mm ± 0.2 mm

PRODUCE PROCEDURE

Backed by the Institute of Micro-Nano Interface Technology at the Tsinghua University Tianjin High-End Equipment Research Institute, we focus on applying advanced materials technology to pet products. Our laboratory R&D team, led by PhDs from Tsinghua, brings extensive experience in the industry.

“Better
materials.
Smarter Care. A
cleaner world
— for cats and
their people.”

INTELLIGENT PRODUCT

Satisfying Our Furry Friends Well

We are dedicated to creating a variety of high-end smart pet products and committed to developing, manufacturing, and selling high-quality products and services since we established.

Our mission is to craft intelligent, safe, and premium products for the mid-to-high-end market with a core competitive advantage of technological innovation, strategically position ourselves within the pet industry and segmenting markets, foster a global-leading smart pet ecosystem brand. We are eager for cultivating a scientific and intelligent pet care lifestyle for the world.

Automatic Pet Feeders

\$44.⁰⁰

With 2.4G/5G WiFi and Bluetooth, this smart feeder dispenses freeze-dried food smoothly, avoiding clogs. It features HD night vision, remote interaction, and multi-layer fresh-locking for timed, precise feeding.

DAILY CARE PRODUCTS

We believe that every moment with your pet should be joyful, convenient, and worry-free. From travel to grooming, mealtime to playtime, our thoughtfully designed accessories—such as the space capsule backpack, portable pet water bottle, and LED light-up frisbee—are crafted to support an active and connected lifestyle for pets and their owners. Whether you're heading out for an adventure or relaxing at home, our products ensure your furry companions stay safe, comfortable, and well cared for.

Our collection also includes practical daily essentials designed to make pet care easier and more enjoyable. From litter-trapping mats and grooming comb sets to slow feeder bowls with foldable stands and convenient double bowls, every detail is made with comfort and function in mind.

“Simplicity in daily care becomes comfort for every pet.”

For pet owners on the move, we offer car-friendly accessories like dual pet seats, collapsible eight-panel playpens, and sturdy onboard crates—ensuring your pet travels safely and comfortably wherever you go.
