HOOCON

**Actuators for central air conditioner
terminal equipment**

Professional manufacturer and total solution supplier

Automation control equipment for central air conditioner

Professional manufacturer

Technology support, solution support

Professional team provide professional service

35,000m² high standard plant

To control the quality of the product from the source

Focus on technology research

Sufficient technical reserve

Company Profile

HOOCON is a professional manufacturer of HVAC products, we mainly produce: electronic control damper, electronic control valve, electronic motorized valve, spring return damper actuator, fire and smoke damper actuator, smoke control damper actuator, heating system valve and high precision tooling and etc., the products mainly used in the ventilation system (airport, subway, mansion, plant, communication), fire protection system, heat exchange system, power plant and petrochemical industry.

Ningbo Hoocon Automation Control Equipment Co., Ltd. is located in high-tech industrial park Cixi Zhejiang province. Cixi is in the west of Ningbo port, east of Hangzhou, south of Shanghai port. Cixi is in the center of three largest city of Shanghai, Hangzhou and Ningbo, which has unique advantage of geographical position. Hangzhou bay cross-sea Bridge passes through Cixi. And Cixi is only 60 kilometers away from Ningbo airport and port, the sea, air and land transportation is very convenient.

HOOCON has an area of 30,000 square meters and building area of 35,000 square meters. HOOCON has professional testing equipment, the whole category and the whole range of products are tested through 100,000 cycles lifetime testing, noise, anti-interference, high and low temperature detection, all the indicators of the products have reached the leading level in the world, providing the best experience to customers.

HOOCON has an idea of creating a comfortable life with science and technology, adhere to the believe of "quality wins the world, service creates brand", to provide a complete solution and high quality terminal execution equipment for global market!

Annual capacity of actuators is 1 million pieces, produces certified with EU CE, American UL, and French BV. Company has fully implemented the ISO9001-2015(CQC) international quality management system

Sales Network

Overseas market

Overseas sales area is mainly for North America, Europe and Southeast Asia. Currently, a stable sales network has been established, and products have been successfully applied in more than 30 countries in the field of refrigeration and heating.

Domestic market

The domestic sales network is complete. Headquarter office in Ningbo, sales offices have been established in Shanghai, Beijing and Shenzhen. A pre-sale / after-sales service network covering the main cities of the whole country has been established, providing high quality and efficient services for agents and customers. The company's products have successfully used in the landmark project of Shanghai Star Global port, Shanghai Jingan Center, Wanda Plaza and Shanghai, Beijing, Guangzhou, Shenzhen subway project.

1,000,000

Annual capacity 1 million sets per year

Successful Cases

Over the years, with high quality products and perfect after-sales service system, the company's products have successfully entered Beijing, Shanghai, Guangzhou, Shenzhen and other frontline cities.

Products also used in the fields of landmark buildings, rail transit, electric power minerals, thermal power, nuclear power, automobile production, animal husbandry and communication base station, Hoocon provide the best quality products and services, while products get praise from customers for the extreme environment adaptability.

Building project

Shanghai Tower
Shanghai Hongqiao Sky Soho
Shanghai Star Global Port
Jinan Wanda Plaza
Jinhua Wanda Plaza
Ningbo National Development Bank
Ningbo Jiangbei Wanda Plaza
Ningbo Yinzhou District Government Building

Subway project

Shanghai Subway
Beijing Subway Line 16
Tianjin Subway Line 1/5/6
Harbin Subway Line 3(Phase 1)
Lanzhou Subway Line 1(Section 5/6)

Animal husbandry project

KFC Heilongjiang Hegang breeding base
KFC Anhui Chuzhou breeding base
KFC Russia St. Petersburg breeding base

Power plant/Minerals project

The Three Gorges Project
Guangdong Daya Bay Nuclear Power Plant
Guangxi Tianshengqiao Hydropower Station
Gezhouba Multi-Purpose Project

Automobile workshop project

Guangxi Automobile Group Co.,Ltd.(Liuzhou Wulin production workshop)
CRRC Corporation Limited (Ningbo rail transit train assembly workshop)
SAIC General Motors Corporation Limited (Roewe production workshop phase 3)

Communication base station

China mobile communication base station
China unicom communication base station
China telecom communication base station

Summary

The damper actuator is used to control air damper, widely used in heating, ventilation, air conditioning, refrigeration, building automation control system. Which has torque from 2Nm to 24Nm, each torque actuator has two kinds voltage for power supply as below,

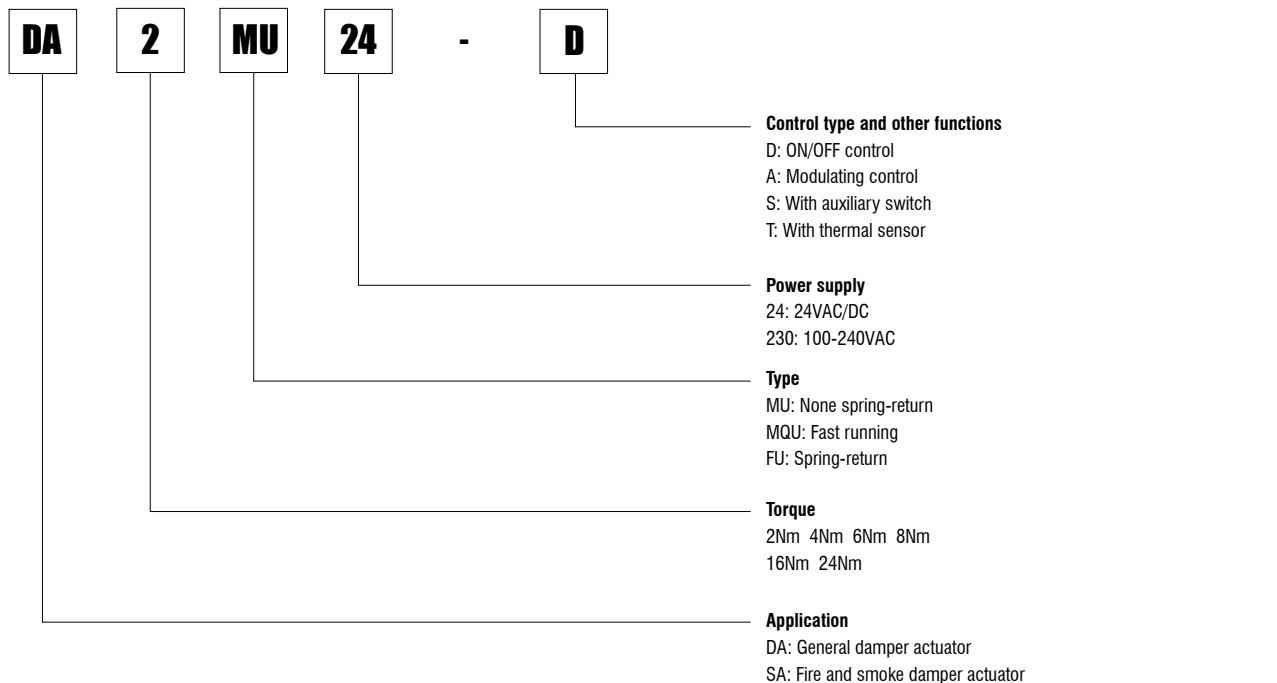

AC/DC 24V

AC 100-240V

Character

1. Convenient installation: easy to install on air damper shaft through a shaft holder
2. Manual control: manual override available when needed.
3. High reliability: the actuator designed with the function of overload protection, run to end stopped automatically without limit switch.
4. Mechanical position limit: spring return actuator has built-in adjustable mechanical position limiter.
5. Output signal: actuator can output a switch signal in the range of 0~100%.
6. The power consumption of the motor can be driven less by a specific adapter, and the reliability of the driver is improved.

For operation of air control dampers in HVAC system.

Torque: 10Nm/15Nm

Nominal voltage: AC/DC 24V, AC100-240V

Control: ON/OFF

-DST type include SAF72 thermal sensor

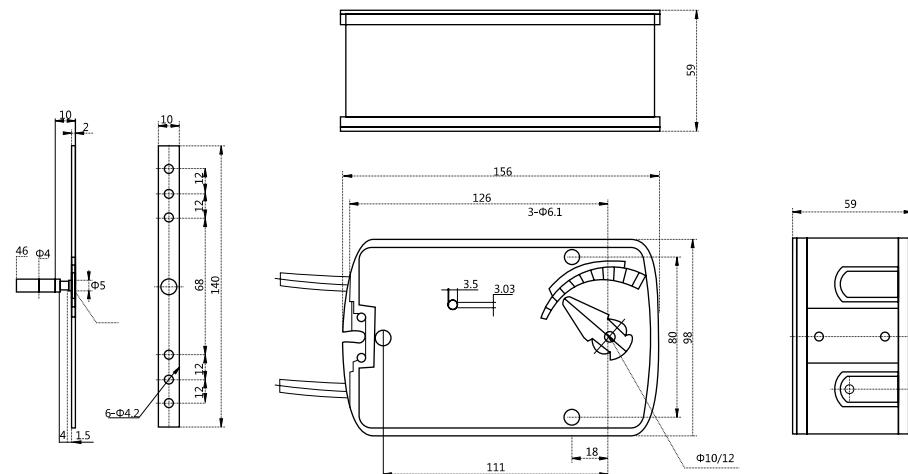

Model Selection Table

Torque	Running Time	Power Supply	Auxiliary Switch	SAF72 Thermal Sensor	Model/Type	
10Nm	<45S	AC/DC 24V AC 230V	2-SPDT	None	SA10MU24-DS	
				Yes	SA10MU24-DST	
	<30S	AC/DC 24V AC 230V		None	SA10MU230-DS	
				Yes	SA10MU230-DST	
15Nm	<30S	AC/DC 24V AC 230V	2-SPDT	None	SA15MU24-DS	
				Yes	SA15MU24-DST	
	<30S	AC/DC 24V AC 230V		None	SA15MU230-DS	
				Yes	SA15MU230-DST	

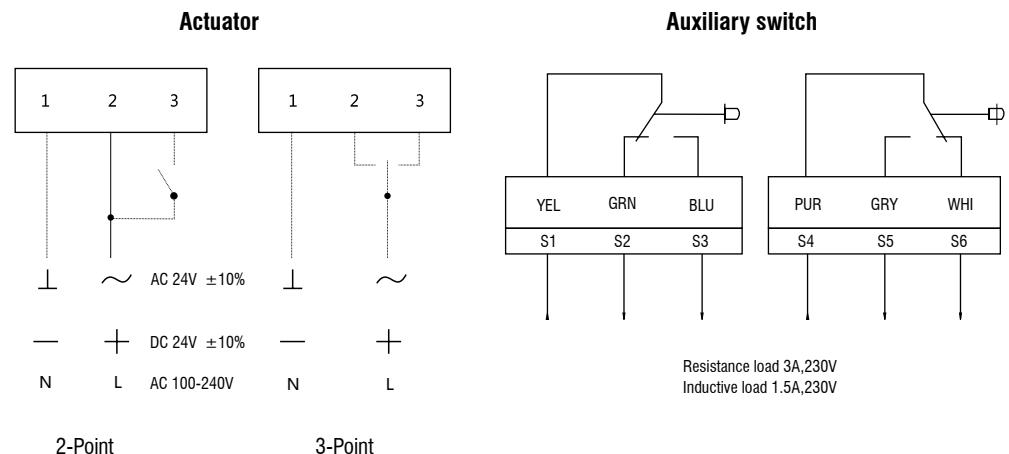

Technical specification

	SA10/15MU24-DS/DST	SA10/15MU230-DS/DST
Electrical data		
Nominal voltage	AC/DC24V 50/60Hz	AC 100-240V 50/60Hz
Nominal voltage range	AC/DC 19.2V...28.8V	AC85...265V
Power consumption	5W@Nominal torque/0.5W@holding	5W@Nominal torque/0.5W@holding
Wire sizing	0.5m ²	
Function data		
Torque	10Nm	
Damper size	1.5m ² /2.0m ²	
Direction of rotation	Selected by mounting L/R	
Manual override	Yes	
Angle of rotation	Max95°	
Running time	<45S/<30S	
Sound power level	45dB	
Position indication	Mechanical	
Working/conditions		
Protection class	III (safety low voltage)	II (totally insulated)
Protection level	IP54	
Ambient temperature	-20...+50°C /IEC 721-3-3	
Inventory temperature	-30...+80°C /IEC 721-3-2	
Humidity test	95%RH,non condensing(EN60730-1)	
Dimensions/Weight		
Dimensions(L×W×H)	See "Dimensions"	
Shaft length	> 90mm	
Shaft diameter	12x12mm □ Can provide 8x8 ,10x10 shaft sleeve	
Weight	< 1.8kg	

Actuator Dimensions(mm)

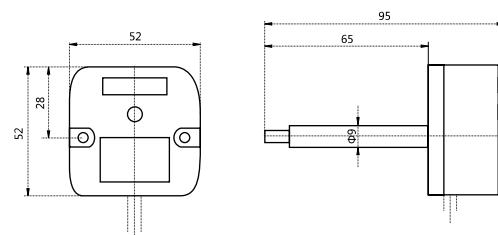

Wiring Diagram

Thermal Sensor SAF72

Thermal Sensor SAF72 Consist of both Ambient(TS1) and Duct sensor(TS2). TS1 will trip open when the ambient temperature rise above 72°. TS2 will trip open when the duct temperature rise above 72°.

Smoke Control without Spring-return Damper Actuator

30Nm ON/OFF

SA30MU24-DS/DST
SA30MU230-DS/DST

For operation of air control dampers in HVAC system.

Torque: 30Nm

Nominal voltage: AC/DC24V, AC100...240V

Control: ON/OFF

-DST type include SAF72 thermal sensor

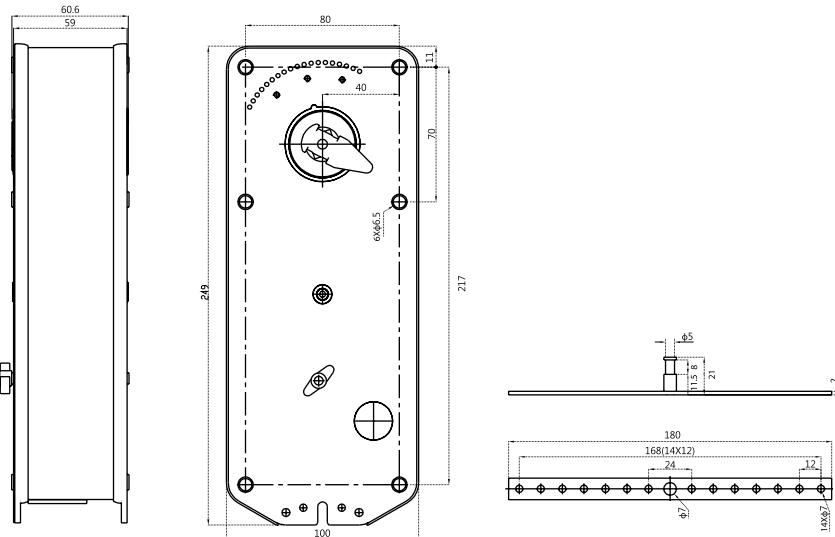

Model Selection Table

Torque	Running Time	Power Supply	Auxiliary Switch	SAF72 Thermal Sensor	Model/Type	
30Nm	<115S	AC/DC 24V	2-SPDT	None	SA30MU24-DS	
				Yes	SA30MU24-DST	
		AC 230V		None	SA30MU230-DS	
				Yes	SA30MU230-DST	

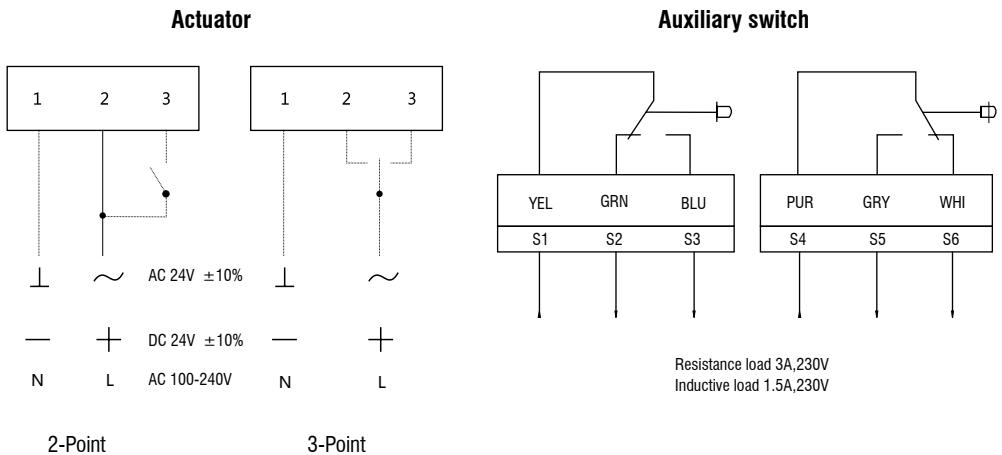

Technical specification

	SA30MU24-DS/DST	SA30MU230-DS/DST
Electrical data		
Nominal voltage	AC/DC 24V 50/60Hz	AC 100-240V 50/60Hz
Nominal voltage range	AC/DC 19.2...28.8V	AC85...265V
Power consumption	7W@Nominal torque/2W@holding	8W@Nominal torque/2.5W@holding
Wire sizing		0.5m ²
Function data		
Torque		30Nm
Damper size		4m ²
Direction of rotation		Selected by mounting L/R
Manual override		Yes
Angle of rotation		Max95°
Running time		<115S
Sound power level		<45dB
Position indication		Mechanical
Working/conditions		
Protection class	III (safety low voltage)	II (totally insulated)
Protection level		IP54
Ambient temperature		-20...+50°C / IEC 721-3-3
