

ICS AIRSOFT at IWA 2025

ICS Airsoft to Showcase Cutting-Edge Products at IWA 2025

Nuremberg, Germany

ICS Airsoft, a leading global manufacturer of high-quality Airsoft Electric Guns (AEGs) and accessories, is thrilled to announce its participation in the upcoming IWA OutdoorClassics 2025, the world's premier trade fair for hunting, shooting sports, outdoor equipment, and security needs. The event will take place from February 27, 2025, in Nuremberg, Germany.

As part of its showcase, ICS Airsoft is proud to introduce two groundbreaking new products:

- EMG Daniel Defense DD4 MK18 RIII S3 by ICS
- EMG Daniel Defense DDM4 PDW S3 by ICS

These state-of-the-art AEGs bring unparalleled performance, precision, and reliability to the field. Designed with input from experienced airsoft players and built to meet the highest standards, these models exemplify the innovation and quality that ICS Airsoft is renowned for.

Experience ICS Airsoft Products at the Shooting Range

To give attendees a hands-on experience, ICS Airsoft will host a dedicated shooting range at the IWA venue. Visitors can try out the following popular models: Hi-Capa Carnotaurus, BLE-ICP, CXP-Tomahawk, and EMG Daniel Defense DDM4 PDW S3.

This is an incredible opportunity for airsoft enthusiasts to experience the precision, durability, and craftsmanship of ICS products firsthand. Whether you're a seasoned player or new to the sport, the ICS shooting range offers a chance to test and feel the difference that sets ICS apart.
