

PKT-5-Z50

Cordless nailer for staples Type Z from 16-50 mm

Product number: PKT-5-Z50

- Lightweight and easy to handle - only 3.5 kg
- High speed capacity, approx. 700 staples with a 2.0 Ah battery
- Can be filled using a standard compressor
- Independent of gas cylinder, power cord and air hose
- No subsequent costs for gas, etc.
- Weather and temperature independent

Product features:

Single and contact release, depth adjustment, lock-out safety device, fast shot sequences, belt clip

Applications:

Sheathings, plasterboards, boxes, corrugated boards, chipboards, sub-floors, economy formwork and much more.

Technical Data:

Weight without battery (kg)	3.5
Width (mm)	126
Length (mm)	369
Height (mm)	336
Magazine capacity	2 strips of 72 staples
Fastener	staples
Fastener type	Z
Fastener length (mm)	16 - 50

Scope of delivery:

PKT-5-Z50:

Cordless nailer PKT-5-Z50, compressor attachment, transport case available as an option

PKT-5-Z50-SET22:

Cordless nailer PKT-5-Z50, compressor attachment, 2 pcs. 18 V 2.0-LiHD high-performance battery, charging station 12-36, transport case available as an option

Use in drywall and interior construction

Touch display

Compressor attachment (included) for filling using a compressor

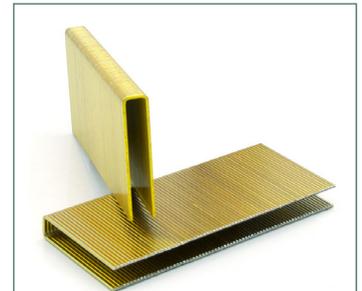

BEST QUALITY

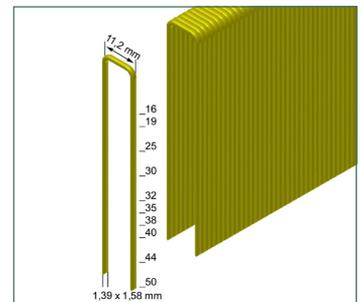

MADE IN GERMANY
