FIDOVET | OUR VISION

***FidOVet** manages to combine a completely artisanal processing method and the result of Italian know-how and food excellence, with innovation, creating unique products!*

FIDOVET| Our Promise

- “Let's feed them, let's not satiate them”
- The company's commitment to collaborate with veterinarians who are experts in animal nutrition
- To innovate without ever losing sight of the craftsmanship of the production, a unique and distinctive element of FidOVet foods,
- Born with the goal of feeding dogs and cats as members of the family in the best possible way, with a complete and genuine formula.

FIDOVET | Gelato Range with 6 Flavor

FIDOVET GELATO |

Key Point of Differences

1. **Unique product:** today there is no similar product, "real Italian gelato made-in-italy", in the international market.
2. **OUT OF THE FRIDGE:** It does not depend on the "Frozen Supply Chain": No barriers for both the retailer and the final consumer!
3. **Easy to use and store:** Buy it and take it everywhere!
4. **Made-in-Italy :** an Excellence of the Made-in-Italy!
5. **Own production Plant** in San Benedetto del Tronto, with a certified and authorized plant for Petfood
6. International **Patented formula!**
7. **2 years shelf life**
8. **3 months** in the Freezer after the gelato is made

FIDOVET GELATO | Some Technical Key Points - 1

1. Same gelato formula for human but suitable for dogs!
2. **100%** Natural and highly palatable! “6 years” of Testing process
3. We use fructose and not sugar in a low q.ty
4. Fructose doesn't provide the glycemic peak immediately but it is very slow during the day! Safe for the dog.
5. Same for the lactose which is in a low q.ty (20%) and it doesn't provide any negative effect.
6. International **Patented formula!**
7. **No artificial** preservatives or additives or aroma

FIDOVET GELATO | Some Technical Key Points - 2

1. Freeze-dried fruits instead of Aroma! Real Taste!!!
2. We use «Vitamin E» as a strong natural Antioxidant!
3. Sodium Chloride: the lower the freezing point of the water and therefore the colder saltwater/ice solution becomes generating Gelato quicker.
4. Cornstarch: it serves as a stabilizer and keeps the liquid ingredients in the Gelato from moving around and forming just chunks of ice instead of a creamy, easy to scoop dessert.

FIDOVET| Yogurt range with 6 flavours

- Apple
- Banana
- Carrot

Raspberry Yogurt

COMPLEMENTARY FOOD FOR DOGS

COMPOSITION: yogurt powder, whey powder, skimmed milk, vegetable fats (palm, coconut), buttermilk, wheat grain flour, dextrose, comstarch, calcium carbonate, sodium bicarbonate, beetroot powder, yeast products (MOS), sodium chloride, magnesium oxide, monopotassium phosphate, freeze-dried raspberry powder 0.5%, saccharomyces cerevisiae **ADDITIVES:** antioxidants, intestinal flora stabilizers: bacillus velezensis DSM 15544 (4b1820) 1x10⁹ CFU/kg

Best Before: 18 months

Yogurt & Cream Dessert | They are "instantaneus"

- 1. **OUT OF THE FRIDGE:** It does not depend on the "Refrigerated Supply Chain": No barriers for both the retailer and the final consumer!
- 2. **Easy to use and store:** buy it and take it anywhere!
- 3. **Made in Italy:** an excellence of Made in Italy!
- 4. Production plant in San Benedetto del Tronto, **with certified and authorized plant for Petfood**
- 5. International **patented formula!**
- 6. Recommended retail price, €2.70
- 7. **18 months** shelf life

Yogurt & Cream Dessert | They are "instantaneus"

- 1. The yogurt and creamy dessert are “instantaneus”: add water only when you want to give them to your dog!
- 2. Once prepared (with the addition of water), if you don't serve it to your dog straight away, you can put the yogurt and creamy dessert in the fridge for a maximum of 3 days.
- 3. Once prepared (with the addition of water), do not leave yogurt and creamy desserts out for a long time, both contain ingredients such as "yeast" which ferment and increase in volume. These products should be served to your dog instantly!
- 4. 100% natural and highly palatable! “6 years” of testing process
- 5. No preservatives, additives or artificial flavors
