

RICK

Innovation meets precision

Who are we?

Rick Produktion GmbH of Schleiden in Germany's Eifel region is your reliable expert for cardboard plates and industrial trays made of virgin fibre cardboard.

Sustainable solutions for good taste:

- we offer convenient solutions with our **cardboard plates**. Safety and hygiene - made in Germany!
- our **fibre-based trays** guarantee the highest level of protection for catering and frozen products. They also offer the advantage of advertising design with no requirement for additional packaging.
- we work with you to develop **innovations**. EUDR and PPWR are part of our daily work - feel free to challenge us!

Our services

Certified product promise
