Pet products series introduction

Product Profile

Rooted in the philosophy that "pets are family," we've created a matrix of exclusive spaces for feline companions, mirroring the structure of human life. There's a gym to unleash vitality, a playroom to embrace joy, a lavatory for cleanliness and comfort, a hydration nook for refreshing sips, a bedroom for restful slumber, and a dining room for savory meals. Just like humans, they now have distinct, purpose-driven private realms to thrive in—stretching, playing, resting, and savoring life to the fullest in spaces crafted solely for them.

With this pee shield,you can:

-Keep your washroom tidy
-Keep your wall clean
