FREEDOG HYGIENIC BAGS

They have a cardboard roll instead of the usual plastic roll.

We combine comfort, sustainability, and style, offering two options to make walking your pet more environmentally responsible: 100% compostable bags and bags made with 50% recycled materials. Discover our mission to unite fashion and environmental responsibility!

100% COMPOSTABLES

Inspired by nature, these bags are designed to minimize environmental impact. Their ecological footprint is as light as a tree leaf, providing the perfect solution for living a conscious lifestyle. Each bag is 17 microns thick and comes with a cardboard roll.

080090200	8429083035150	COMPOSTABLES Poop Bags Display (15B/4R)

100% compostables

Recycled Bags

Designed with 50% recycled plastic, these bags have a reduced environmental impact.

Each bag is 15 microns thick and comes with a cardboard roll. Their footprint is a significant step towards a conscious lifestyle, providing an eco-friendly option.

Join sustainability on every walk with our Ecoline bags.

A brown dog, possibly a Weimaraner, is sitting in a field of tall grass. The dog is looking towards the camera with its mouth open, showing its tongue. It has a heart-shaped tag on its collar. The background is a blurred field of green grass under a cloudy sky. The logo 'freedog' is in the top right corner.
