

THE WORLD OF FLEXIBLE PACKAGING

JG ONE

One substrate laminate with ultra-high barrier

JG ONE

One substrate laminate with ultra-high barrier

Using innovative films and coatings we produce recyclable high-barrier packaging materials that package your product in a sustainable and economical way.

The alternative to aluminium laminates!

PP based

PE based

	JG ONE-PP xx	JG ONE-PP xxx	JG ONE-PE xxx
Surface	transparent, white, metallised		
Barrier	↑ high	↑↑ ultra high	↑↑ ultra high
WVTR	0,7	0,1	<0,2
OTR	0,5	0,1	<0,1
Print	frontal / counter		
Thickness (μ)	60-200	60-200	50-200

Brilliant printing results with diverse finishing possibilities

Recycling
100% material

Max. barrier protection
for your filling
