THERMOFORMER

Heating oven for solid surface materials and plastics!

Heating - Annealing- Drying!

- **CAS-convection heating up to +230°C**
- **large** heating chamber
- **simple** operation
- **different** material thicknesses
- **3** heating trays or drawers
- **energy saving** through excellent insulation

THERMOFORMER EDUCATION, STANDARD, MEGA

The professional **heating oven!**
Heating of full-length **solid surface boards!**
With VACUFORMER press = **heating + forming!**

UNIVERSALFORMERS - The Original from Austria!
DIRECT - HONEST - EXPERIENCED

VACUFORMER

Vacuum presses for craftsmen and industrial production!

The range of our machines cover any demand in vacuum presses.

- **clamshell** and **vertical opening**
- **swiveling working table**
- membrane **fast-change** system **natural rubber** and **silicone membranes**
- pump sizes from **40-140m³/h**
- **welded industrial** machine construction
- **integrated** air suction channels

VACUFORMER S, L, XL and FOLD
CUSTOMISED SIZES AVAILABLE!

**UNIVERSAL
FORMERS**

The sturdy and affordable **starter presses!**
The professional workhorses **for every day!**
The precisely tailored **industrial presses!**

DUOFORMER STANDARD

The heating and pressing machine, compact, sturdy, for instant use!

Professional heating, forming and pressing in one machine!

- temperature up to **+230°C**
- **trouble-free** pre-heating
- **effortless** forming
- for **solid surface** materials and **plastics**
- **vacuum press** with a 40m³/h vacuum pump
- **fully welded** steel construction

DUOFORMER STANDARD, MAXI, MEGA

**UNIVERSAL
FORMERS**

The reliable heating and **vacuum press!**
Solid surface manufacturing **made easy!**
Plug and play!

UNIVERSALFORMERS - The Original from Austria!
DIRECT - HONEST - EXPERIENCED

DUOFORMER VERTICAL

The Heating and Pressing machine for the demanding professional!

Producing without compromises!

- Work piece height up to **850 mm**
- CAS heating up to **230°C!**
- **No** tricky placing of pressing layers
- **No** sliding of the former
- **effortless** closing and opening
- Pressing of **M-shapes**
- Operating from all **4 sides**

DUOFORMER VERTICAL, MAXI, MEGA

**UNIVERSAL
FORMERS**

The professional heating and **pressing machine!**
For all materials!
Precise pressing power with **huge parts!**
