

OUR PURPOSE

Enhancing operational capability, protecting critical infrastructure and strengthening resilience through autonomous systems, training, technology and support.

1. AUTONOMOUS SYSTEMS

See • Understand • Act

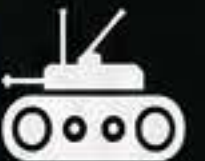

FPV DRONES

- Tactical FPV Operations
- Reconnaissance & Strike
- Indoor/Outdoor Missions

ISR DRONES

- Skydio, Quantum Systems
- Intelligence, Surveillance, Reconnaissance
- Long Range, High Endurance

UGVs & ROBOTICS

- Ground Robotics & UGVs
- Inspection, Patrol, EOD Support
- Hazardous Area Operations

2. TRAINING & ACADEMY

People • Skills • Readiness

- FPV Specialist Training
- Tactical & ISR Operations
- CUAS Operator Training
- Bundeswehr Interoperability
- Custom Courses & Exercises

3. INFRASTRUCTURE PROTECTION

Detect • Defend • Protect

CUAS SOLUTIONS

- Threat Detection
- Tracking & Identification
- Mitigation & Neutralisation
- System Integration

KRITIS PROTECTION

- Critical Infrastructure Security
- Ports, Energy, Industry, Logistics
- Risk Assessment & Consulting
- Operational Demonstrations

4. RESILIENCE & ENERGY SYSTEMS

Power • Heat • Sustain

OFF-GRID ENERGY

- Battery Systems
- Hybrid & Mobile Power
- Energy Storage Solutions

THERMAL SOLUTIONS

- Euroheater Systems
- Heating for Extreme Conditions
- Field & Mobile Applications

DEPLOYABLE SUPPORT

- Rapid Deployment Packages
- Field Infrastructure
- Mission Support Equipment

COBBS

INTEGRATION & MISSION SOLUTIONS

Planning | Integration

Evaluation

5. EQUIPMENT & GEAR

Outfit • Protect • Perform

TACTICAL EQUIPMENT

- Uniforms & Clothing
- Load Carriage
- Tactical Accessories

SPECIALIST EQUIPMENT

- Mission Specific Tools
- Technical Equipment
- Maintenance & Support

QUALITY & RELIABILITY

- Proven in Real World
- Military & Industrial Grade
- Trusted by Operators

6. SUPPORT & SERVICES

Keep Missions Running

- System Integration
- Maintenance & Support
- Logistics & Spares
- Technical Support
- After Sales Service

HOW IT ALL WORKS TOGETHER

TRAINED PEOPLE
Highly skilled operators and teams

RIGHT TECHNOLOGY
Drones, UGVs, Sensors, CUAS, Power Systems

INTEGRATED SOLUTIONS
Tailored to mission, environment & customer

OPERATIONAL EXECUTION
Real world deployment and mission success

CONTINUOUS IMPROVEMENT
Lessons learned, adapt, improve, evolve

WHO WE SUPPORT

BUNDESWEHR

Training, Interoperability, Operational Support

POLICE & SECURITY

Tactical Support, Situational Awareness

INDUSTRY & KRITIS OPERATORS

Protection of People, Assets & Operations

ENERGY & UTILITIES

Inspection, Protection, Resilience Solutions

PORTS & MARITIME

Security, CUAS, Operational Support

EMERGENCY SERVICES

Response, Rescue, Situational Support

INTERNATIONAL PARTNERS

Support, Training, Capability Building

REAL EXPERIENCE. PROVEN SOLUTIONS. MISSION READY.
