SAVIC

Made in Belgium

/ Cubix Corner

Innovative L-shape design: Fits perfectly into room corners, offering a unique space-saving solution.

Spacious in a compact design: Provides ample space for pets with a length of 148/100 cm, depth of 50 cm and a height of 63.5 cm.

Large doors with flexible placement: Makes it easy to care for your pet, with doors that can be positioned as needed for easy access. Choose where you install the doors: top, front, left, right.

Stylish addition to home decor: Elegant design that seamlessly integrates into home interiors.

Tool-free assembly: Quick and easy to set up without needing any tools.

Accessories included: Comes with two platforms, two feeding bowls, and a hay rack for a complete pet environment.

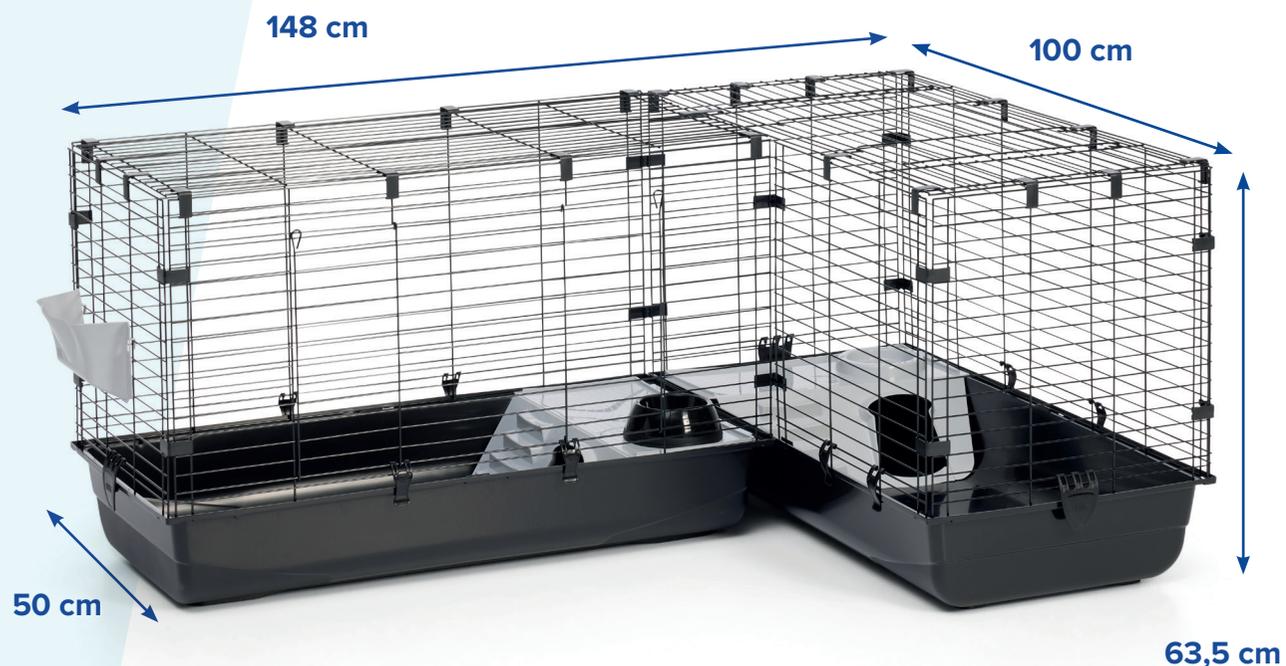

Optimal comfort for small pets: Ensures a spacious and secure area for pets to play, relax, and observe.

Space efficiency: Ideal for maximizing living space without sacrificing pet comfort.

Eco-friendly material: The cage's base is made from recycled materials, reducing environmental impact.
