GA-10NEW

SMART PET DRYER
 Product Size: 43.9x47.4x44.4CM
 Rated Voltage: 110v/220V 50/60Hz
 Net Weight: 6.8KG
 Allowable Deviation: +5%-10%
 The appliance should meet the respective
 functional requirements under the
 condition of ±10% voltage.
 Can operate normally in an environment
 with a temperature range of 20°C to 40°C

TD-101NEW

HIGH-SPEED HANDHELD PET HAIR DRYER
 Product size:19x3cm
 Voltage :220V~ 50Hz
 Rate:1100W
 RPM : 100000 RPM
 Wind speed : 21.2M/S
 Noise : 65dB
 Ionize : 200 million
 N.W. : 200g
 Cable length : 1.8M
 Settings : 2 wind speed *3
 temperature

TD-2301NEW

HIGH-SPEED HANDHELD PET HAIR DRYER
 Power: 120V/60Hz,1200W;
 Four heat setting : Cool / Warm /Mid / Hot
 Constant temperature control system
 Three speed control: Low / Mid /High
 Power cord length :2.1 m
 High speed brushless DC motor up to
 108,000 rpm.
 Multi-million negative ions emitter :
 help eliminate frizz and maintaining
 natural moisture in your hair

CH-IWD001 NEW

SMART WATER FEEDER

Wireless silent water pump, more durable and oxidation resistance. APP control, Water and electricity separation design.

Product size: 233x205x135MM
Product capacity: 2.5L
Product material: ABS
Power supply: USB
Adapter parameters :
input 100-240V 50/60HZ 0.3A
Output 5V 1000MA

CH-IWD003 NEW

SMART WATER FEEDER

Product size: 175x221x190MM
Product capacity: 4L
Product material: ABS
Power supply: Lithium battery or USB
Adapter parameters :
input 100-240V 50/60HZ 0.3A
Output 5V 1000MA
Water outlet mode:
① Interval mode: every 20 minutes, can be used for about 30 days
② Hunting mode: 120° infrared scans pets within 2 meters and they are out of the water

CH-IWD002 NEW

SMART WATER FEEDER

APP control, continuous and intermittent water outlet modes. Water pump is soothing noise reduction, more durable

Product size: 175x221x190MM
Product capacity: 4L
Product material: ABS
Power supply: USB
Adapter parameters :
input 100-240V 50/60HZ 0.3A
Output 5V 1000MA

CH-IAF004 NEW

SMART WATER FEEDER

Multiple filter
APP intelligent control
Blue light
Smart reminder

Product size: 233x205x135MM
Product capacity: 2.5L
Product material: PP
Power supply: USB

PRO CP-9000

A5 PROFESSIONAL CORD USE PET CLIPPER

Material: Nylon
Universal voltage
Blade: #10 ceramic blade
Magnet combs: 6, 9, 12, 16mm
Cord length is 3.5M
Special: the andis and oster blade can compatible with our CP-9000 clipper

2 speeds: 3200rpm and 4000rpm Motor power: 30W

CP-9010

A5 PROFESSIONAL CORD USE PET CLIPPER

Material: Nylon
Universal voltage
Blade: #10 ceramic blade
Magnet combs: 6, 9, 12, 16mm
Cord length is 3.5M
Special: the andis and oster blade can compatible with our CP-9010 clipper

2 speeds: 3200rpm and 4000rpm Motor power: 30W

CP-9120

1400G HORSE CLIPPER

Material: Nylon + PA66
Cord length: 6M
2 Blade: 1mm and 3mm
Blade width: 80mm

Speed: 3000rpm Motor power: 150W

CP-6300

PET HAIR CLIPPER

Waterproof level: IPX7
Material: ABS
Blade: stainless steel + ceramic
Blade adjust ring: 0.8, 1.1, 1.4, 1.7, 2.0mm
Battery: 600mAh Li-ion
Charging time: 2H
Working time: 60mins
Combs: 3/6mm, 9/12mm, 15/18mm, left/ right

Speed: 5500RPM Power: 5W

CP-9060

A5 PROFESSIONAL RECHARGEABLE PET CLIPPER

Material: Nylon
Universal voltage
Battery: 1400mAh Li-ion
Blade: #10 ceramic blade
Magnet combs: 6, 9, 12, 16mm
Charging time: 2H
Working time: 90mins
Cord length is 3.5M
Special: the andis and oster blade can compatible with our CP-9060 clipper
Support cord use and cordless use

2 speeds: 3200rpm and 4000rpm Motor power: 30W

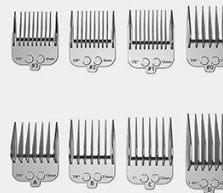

CP-9020

A5 PROFESSIONAL BRUSHLESS MOTOR PET CLIPPER

Brushless motor and the motor life can reach 10000+hours
Noise: 62/ 68dB
Material: Nylon
Universal voltage
Blade: #10 ceramic blade
Magnet combs: 6, 9, 12, 16mm
Special: the andis and oster blade can compatible with our CP-9020 clipper
Intelligent function: Automatic acceleration when encountering resistance

2 speeds: 3000rpm and 3500rpm Motor power: 30W

 Grey(1^1/4" 32mm)

SKIP TOOTH

Size 3 3/4 - 1/2" (13mm)

Great for fluffy type coats, like coated Poodles and Bichons. Leaves hair at length that resembles hand scissoring with out all the work.

FULL TOOTH

Size 3 3/4F - 1/2" (13mm)

This is a great blade for drop coated Toy breeds when trying to achieve a cute puppy look. It cuts your time in half by saving you scissoring time.

SKIP TOOTH

Size 5 - 1/4" (6.3mm)

This skip tooth blade is great for fluffy type coats such as Poodles and Bichons. It does not comb the hair flat to the body as much as the full tooth blade. Great for natural look on most terrier coats followed by some carding. This blade will leave hair 1/8" shorter than using the size 4 blade.

PULL TOOTH

Size 5F - 1/4" (6.3mm)

A short, smooth finish can be achieved with this blade. It is effective for finishing the coat after trimming with a size 5 skip tooth blade. This blade can leave a nice finish on most sporting breeds as well as long-legged Terriers. It is most often used for finishing a short lamb trim.

SKIP TOOTH

Size 4 - 3/8" (9.5mm)

This skip tooth blade is great for fluffy type coats such as Poodles and Bichons. It does not comb the hair flat to the body as much as the full tooth blade. Great for natural look on most terrier coats followed by some carding.

FULL TOOTH

Size 4F - 3/8" (9.5mm)

This blade is good for drop coat breeds such as Cockers, Maltese and dogs with soft hair. It combs the coat down as you clip, leaving a smooth finish. Carding may follow to assist in achieving a smooth finish.

SKIP TOOTH

Size 7 - 1/8" (3.2mm)

This is the shortest of the skip tooth blades. Used for very matted dogs that other blades can not penetrate. Since the blade features a flat face and wide spacing between the teeth it can penetrate the skin. Please pull skin tight to avoid this.

FULL TOOTH

Size 7F 1/8" (3.2mm)

This blade is often used to shave down very matted dogs and cats. It also gives a short clean finish, if desired, on some Setters, Spaniels and Terrier breeds.

MEDIUM

Size 8 1/2 - 7/64(2.8mm)

This blade is a good choice when a 10 blade cut too close for sensitive skin. Since the blade features a flat face and wider spacing between the teeth it can penetrate the skin, please pull skin tight to avoid this. Can be used for close clipper work on Poodles, Setters, Spaniels and Terriers.

MEDIUM

Size 9 - 5/64" (2.0mm)

This blade is shorter than the 8 1/2 and longer than the 10 blade. It can be used for close clipper work on some Poodles, Spaniels, Setters and Terriers with sensitive skin.

MEDIUM / CLOSE

Size 15 3/64" (1.2mm)

Often used for Poodle clipper work on the face, feet and tail. Deal when a 10 blade is not smooth enough and a 30 blade is too close on some Setters, Spaniels and Terriers.

CLOSE

Size 30 1/50" (0.5mm)

Recommended for use to clip hair from cropped-eared breeds. This blade should not be used on dogs with sensitive/pink skin.

MEDIUM

Size 10 - 3/8" (1.6mm)

This is the blade of choice for most close clipper work on Poodles, Spaniels, Setters and Terriers, it leaves a clean finish. Safe to use on dogs and cats matted too close to the skin for other blades. Great for bellies, around the eyes, rectum and pads.

MEDIUM

Size 10 Wide - 3/32(2.4mm)

With a significantly wider cutting edge than the regular size 10, this blade is used to shave down large matted dogs. This additional width is especially advantageous when clipping down large matted breeds.

VERY CLOSE

Size 40 - 1/100" (0.25mm)

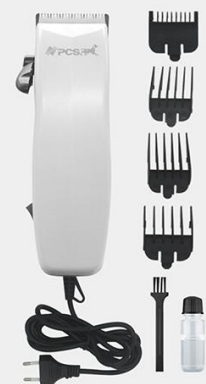

This blade should be used by experienced groomers only. It is the blade of choice for Show Poodles. This blade is great for prepping pets for surgeries of all types, leaving the area very clean.

MICRO CLOSE

Size 50 - 1/125" (0.2mm)

Blade of choice for Veterinarians prepping for surgery. This blade should be used by experienced groomers only. Also may be used on Show Poodles for an extra-close finish.
