# CEDERROTH FIRST AID STATION

Now even more well-equipped, with  
*Cederroth Soft Foam Bandage Beige*

Cederroth First Aid Station is the base of First Aid equipment. It contains products that can treat many types of injuries and can also be adapted to meet different needs.

## CEDERROTH FIRST AID STATION REF 51011026

Dimensions: W 29 x H 56 x D 12 cm

- 2 Cederroth 4-in-1 Bloodstoppers (REF 1910)
- 3 Cederroth 4-in-1 Mini Bloodstoppers (REF 1911)

- 1 Salvequick Plaster Dispenser including 45 Plastic Plasters (REF 6036) and 40 Textile Plasters (REF 6444)
- 1 (x 20) Salvequick Wound Cleansers (REF 323700)
- 1 Cederroth Protection Kit (REF 2596)
- 1 First Aid Instructions
- 1 Refill key

## SOFT FOAM DISPENSER

Cederroth Soft Foam Bandage Beige is an elastic self-adhesive bandage, giving maximum freedom of movement.

## CONSTRUCTION

The risk of serious injury is 3 X greater on a construction site than other industries. The most common accidents are falls and accidents involving tools and machinery – larger machinery, hand tools and knives.

### OPERATING MACHINERY AND USING TOOLS

Bandages for severe cuts and plasters for minor wounds. In addition to a wall-mounted First Aid station in a prominent position, a mobile First Aid Kit to treat someone at the scene of the accident is also essential. First Aid Mobile kits are also ideal for company vehicles.

### CHEMICALS

Cement and concrete are alkaline and corrosive. Ready access to Eye Wash is crucial in the event of an accident. Cederroth buffered Eye Wash has a neutralizing effect on alkalis and acids and is phosphate free. Phosphate buffered Eye Washes should be avoided for substances containing calcium such as cement and concrete.

### WELDING WORK

Welding work for example, can cause burns. If there is no adjacent water source, mobile burn aid products are advisable.

## MANUFACTURING

Manufacturing industries are high risk areas for severe accidents. Large machine minding, using tools and moving equipment all entail significant risk. As is handling chemicals.

### TOOLS AND MACHINERY

Provide bandages for severe wounds as well as plasters suitable for your types of work. In addition to a wall-mounted First Aid station that everyone knows where to find, having a Mobile First Aid Kit to treat injuries at the site is good advice. In the case of work places where minor cuts and wounds are common, our Wound Care and Plaster Dispensers are a practical complement to emergency First Aid.

### CHEMICAL SUBSTANCES

Spills, equipment failures and operator errors often cause accidents. Handling processes and maintenance chemicals, machine washers, industrial inkjet printers and paint are all potential hazards, as is forklift charging. Suitable personal protective equipment is very important, as is Eye Wash for immediate First Aid in the event of an accident.

### HOT SURFACES, HOT WATER, STEAM, FIRE & HOT METALS

Hot surfaces, hot water, steam, fire & hot metals can cause burns. It is important to cool burns rapidly, to prevent further spreading or more severe injury.

# CEDERROTH SOFT FOAM DISPENSER

**CEDERROTH SOFT FOAM DISPENSER**  
REF 51011024  
Dimensions: W 9 x H 16 x D 16 cm

1 Cederroth Soft Foam Bandage Blue 6 cm x 4.5 m (REF 51011010).

- Easy to fix on the wall next to your First Aid equipment
- Dispenser for quick and easy access to Soft Foam Bandage
- Integrated cutter for easy use
- Clear instructions
- Contains 1 x Soft Foam Bandage Blue 6 cm x 4,5 meter

## Cederroth Soft Foam Bandage

- Suitable for all kinds of small wounds in hot, cold, wet or dry conditions and will stay in place in water.
- Self-adherent and adhesive-free. This means it will not stick to skin or hair.

**CEDERROTH  
SOFT FOAM BANDAGE BEIGE**  
6 cm x 4,5 m, REF 51011020

### Original & discrete

The original colour. Easy to control if the bandage gets dirty or bleeds through.

**CEDERROTH  
SOFT FOAM BANDAGE BLACK**  
6 cm x 4,5 m, REF 51011021

### Heavy work & dirty environment

The black colour camouflages dirt or oil stains on the outer bandage. For heavy and dirty work environments.

**CEDERROTH  
SOFT FOAM BANDAGE BLUE**  
6 cm x 4,5 m, REF 51011010

### High visibility & fresh look

Blue color is easy to detect visually.

# CEDERROTH WOUND CARE DISPENSER

Everything you should need to deal with minor wounds in a practical dispenser. Wound Care Dispenser is a smart complement to a First Aid Station and can be located close to where there's a risk of suffering cuts. Contains Soft Foam Bandage Blue, a self-adherent, adhesive-free plaster that stays in place even in water.

**CEDERROTH WOUND CARE DISPENSER**  
REF 51011006

- First Aid & Burn instructions

**Accessories:** Wall bracket REF 190400

# CEDERROTH EYE WASH STATION

Buffered liquid increases the chance of saving your eyes!

Cederroth Eye Wash works to neutralise the eye's pH value, i.e. it has a neutralising effect on alkali or acid splashes, giving a quicker result than a normal sodium chloride solution.\* Shelf life of 4.5 years.

If you have an accident with a substance that contains calcium (for example, cement, concrete or lime), you can safely rinse with Cederroth Eye Wash as it is 100% phosphate-free.

**THE INTEGRATED EYE CUP GUIDES THE LIQUID TOWARDS THE EYE WITHOUT ANY UNNECESSARY WASTE.**

The eye cup helps to keep the eye open while rinsing. A colleague can check that the eye is open by looking through the transparent cup.

UNIQUE DESIGN!

**CEDERROTH EYE WASH STATION  
REF 721500**  
Dimensions: W 29 x H 56 x D 12 cm

- 2 (x 500 ml) Bottles of Cederroth Eye Wash (REF 725200)

## NOW GREEN IS EVEN GREENER

The green-coloured plastic in Cederroth Stations and Dispensers are made of >85% recycled plastics. We take care of parts from old refrigerators and give them new life in First Aid products, which gives 90% lower CO<sub>2</sub> emissions compared with producing new plastics. At the same time, our outer cartons are made of 90% recycled fibre.
