ABOUT US

OUR EXPERTISE MEET YOUR NEEDS

“ The CBP is a leading manufacturer of packaging products based in Istanbul, Turkey. As a family-owned independent business with over 30 years of experience in the packaging industry, we have a strong reputation for creating unique and innovative packaging solutions.

Our core expertise lies in developing and producing packaging for a range of industries, including healthcare, beauty, food (chocolate), textiles, and consumer brands. We also serve customers in other market segments by leveraging our strengths in printing, finishing, and quality management.

We excel at finding innovative solutions to optimize processes across the entire supply chain and work closely with our customers to unlock significant value. If you want to learn more about our services, please contact with us! “

CERTIFICATES

ISO 9001

ISO 9001 is an international standard that certifies our quality management system. This certification guarantees that we manage all our processes and operations according to certain quality standards, enhancing customer satisfaction and ensuring continuous improvement. We work diligently to ensure high quality at every stage of our production. ISO 9001 enables us to meet customer requirements and continuously improve by considering customer feedback. Our commitment to quality sets us apart in the industry and provides assurance to our customers. When you work with us, you can be confident that you always receive the highest quality products. Additionally, our ISO 9001 certification is compliant with the European Accreditation.

ISO 14001

ISO 14001 is an international standard that certifies our environmental management system. This certification demonstrates the environmental management processes we implement to minimize our environmental impacts and use sustainable production methods. We place great importance on conserving natural resources and reducing our environmental footprint. ISO 14001 shows that we adhere to certain standards in areas such as waste management, energy efficiency, and the use of eco-friendly materials. Our commitment to environmental responsibility and sustainability is very important to us. We do our part for a more livable planet. Additionally, our ISO 14001 certification is compliant with the European Accreditation.

FSC (Forest Stewardship Council)

The FSC certification guarantees that the wood and paper products we use come from sustainable forest management practices. This certification ensures that our products come from environmentally, socially, and economically sustainable sources. We prioritize forest conservation and the maintenance of biological diversity. By using FSC-certified materials, we help prevent deforestation and protect the rights of local communities. This certification proves our environmental responsibility and commitment to sustainable production. Our FSC code ensures the traceability and reliability of our products.

SUSTAINABLE SOLUTIONS FOR GREEN FUTURE

Annual Recycling Efforts: By recycling an average of 1,000 tons of paper and cardboard annually, we significantly contribute to waste reduction and environmental sustainability.

FSC Certification Support: To ensure responsible forest management and sustainable resource use, we actively support production from industrial forests under the FSC forest certification framework.

Compliance with Regulations: We ensure that our operations meet the highest standards of legal compliance by strictly adhering to environmental, health, and safety regulations.

Employee Training Programs: We offer comprehensive training programs to our employees to raise awareness about environmental protection and sustainability for future generations.

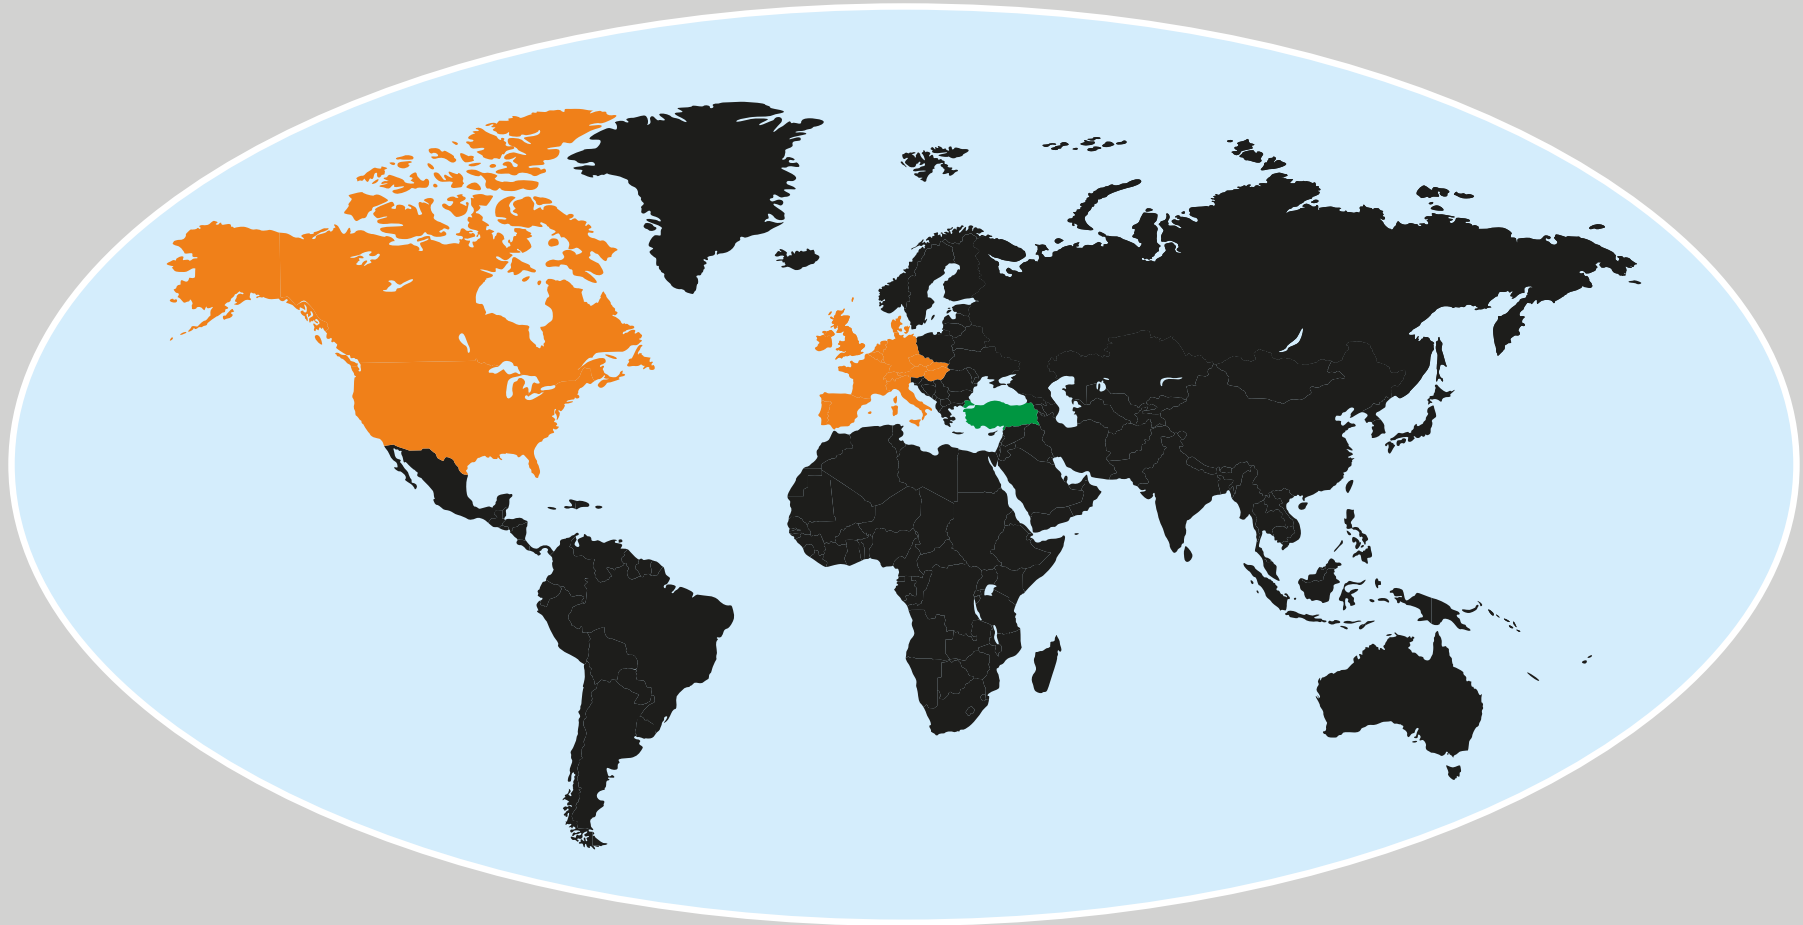

Sustainable Practices: We continually invest in sustainable practices and technologies to minimize our environmental footprint and increase operational efficiency.

Community Engagement: By engaging with local communities, we promote environmental protection awareness and support initiatives that contribute to a healthier, more sustainable planet.

COSMETICS, PERSONAL CARE, AND CONSUMER PRODUCTS

Combining aesthetics and functionality, we ensure your products stand out on the shelves. With our high-quality printing techniques, we produce packaging that reflects the value of your brand. Our packaging is suitable for a wide range of products, from skincare to makeup items. By using environmentally friendly materials, we contribute to your sustainability goals. We offer customizable packaging options in different sizes and shapes to meet your needs. To ensure the protection and longevity of your products, we use durable and high-quality materials. Additionally, we produce luxury e-commerce boxes to help you make a difference in your online sales. Stand out in the industry with packaging designs that tell your brand's story and connect with consumers.

FOOD PACKAGING AND SOLUTIONS

We offer packaging solutions for the diverse needs of the food industry. From coffee shops to confectioneries, chocolatiers to take-away box products, we produce special cardboard packaging solutions for all types of food businesses. Our packaging, made from health-safe, secure, and durable materials, maintains the highest quality of your products. With high barrier properties, our packaging protects your products from external factors and extends shelf life. Using grease and moisture-resistant cardboard, we ensure maximum protection during transportation and storage. With our customizable design options, you can create unique packaging for your brand. Our packaging is made from both eco-friendly and recyclable materials. We support the transition from plastic to cardboard packaging and offer solutions in this area.

RIGID BOXES

We offer durable and stylish rigid box solutions that add value to your products. Our rigid boxes are the ideal packaging choice for luxury and premium products. They enhance the user experience both visually and tactilely. Ideal packaging options for promotional, gift, and retail products.

CARDBOARD BAGS

We offer stylish and durable cardboard bags that not only carry your brand and products but also promote them. Our bags are made from high-quality materials, ensuring long-lasting use. With different size and design options, we meet all kinds of needs. Our bags enhance user satisfaction both aesthetically and functionally.

EFFECTS

At CBP, we stay up to date with the latest technology and regularly update our machines to provide you with high-quality production techniques. We can help you with the design of your box's structure, including material selection and shape design. By optimizing these factors, we can help reduce the production cost while still delivering excellent results.
