Did you know your pet cools
down through its tongue
and eats less during summer?

At **Animal Ice Cream**, we are **expert ice cream makers** with over **40 years of experience** in the industry, former owners of the largest ice cream factory in Spain until 2021, and manufacturer of iconic brands like Avidesa and Camy.

We partnered with the **Autonomous University of Barcelona** to identify the **right ingredients** for our **pet ice creams** and conducted a **market study** that revealed 78% of "pet parents" **are interested** in a special **ice cream** for their beloved companions.

We have launched the **first and only ice cream factory for pets**, developing **recipes with chicken, pork, and salmon proteins**, as well as **vegetables like carrot and pumpkin**.

The result:

**A NUTRITIOUS, BALANCED ICE CREAM
WITH A CREAMY, LICKABLE TEXTURE.**
