

INTRODUCING THE **HANDiSCOOP** REVOLUTION:

THE NEW **HANDiSCOOP** EASY CARRY & WALK

In a world where innovation meets sustainability, **HANDiSCOOP SYSTEMS** has developed a cutting-edge solution for dog owners and walkers. After years of dedicated research and development, we introduce the world's best poop scooper - a marvel that not only redefines hygiene standards but also transforms the entire dog-walking experience.

THE ECO-WARRIOR'S CHOICE

HANDiSCOOP is more than just a pooper scooper; it's a symbol of environmental responsibility. By saving up to 75% of poo bag usage, we stand as a beacon of eco-friendliness in the pet care industry. With plastic waste

being a global concern, **HANDiSCOOP** takes a stand and contributes to a greener, cleaner planet.

LOCK & SEAL BETWEEN PICK UPS

**HOLDS UP TO 5 POOPS
IN JUST 1 BAG**

HANDISCOOP helps you to have
a much more pleasant and
eco-friendly dog poop
clearing up experience!

HANDISCOOP is the ideal multi-pick solution for the dog mess. The waste can be emptied directly into compost, wormery and dog waste bin, and in rural areas the stick and flick method is also encouraged. This helps to reduce plastic waste by up to 95%.

Responsible & smart dog owners pick up with *HANDISCOOP*, the hygienic and economic way, contributing 75% less towards plastic waste than traditional methods.

The traditional way of picking up waste contributes to millions of tonnes of plastic waste and is unpleasant and unhygienic.

**Estimated bag usage based on walking 2 large dogs per week*

HYGIENE REDEFINED

Experience the ultimate in cleanliness and convenience with the *HANDISCOOP*. Our unique design eliminates the hassle, mess and the nasty sensation associated with traditional pooper scoopers or the hand-picking method. By prioritizing hygiene and ease of use, we ensure that both you and your canine companion enjoy a comfortable and clean walk every time.

The *HANDISCOOP Easy Carry and Walk* features a patented bracket and is designed to work in harmony with the **Flexi lead** and **Multibox**, creating the ultimate all-in-one solution for dog owners and walkers. The **Flexi lead** provides a comfortable and reliable leash for your furry friend, while the **Multibox** offers a convenient and hygienic way to store treats during your walk. Together, these two accessories make the *HANDISCOOP* the perfect tool for maintaining a clean and hassle-free environment while enjoying quality time with your dog.

A MASTERPIECE OF CONVENIENCE

Imagine the simplicity of dog walks where everything you need can be conveniently carried in one hand. The *HANDISCOOP Easy Carry and Walk* combines the functionality of multiple dog walking essentials by employing a thoughtful modular design.

VERSATILITY UNLEASHED

The *HANDISCOOP* Easy Carry and Walk goes beyond just cleanliness and convenience. Its versatile design allows for a multitude of uses, catering to a wide range of users and situations. Whether you're taking a moonlit stroll with your dog, exploring the great outdoors, or simply enjoying a leisurely walk with your family, the *HANDISCOOP* can adapt to your needs. Here are some ways you can maximize the versatility of the *HANDISCOOP* Easy Carry and Walk:

- Support for Limited Mobility: The *HANDISCOOP* can be attached to walking aids like sticks, scooters, and walking frames, providing added support and stability for those with restricted mobility.
- Family-Friendly: Young families with dogs will appreciate the *HANDISCOOP*'s compatibility with buggies and prams, making it easy to navigate through busy streets and parks.

- Hydration on the Go: Keep a water bottle securely attached to the *HANDISCOOP*, making it easily accessible during your walk and ensuring you and your dog stay well-hydrated.
- Around home and garden: Last but not least, the *HANDISCOOP* is not just for your outdoor escapades; it's also the ideal tool for keeping your home and garden clean and tidy from various kinds of mess. The supplied *HANDISCOOP* wall mount accessory can be attached to a fence or gate, allowing for quick and easy mounting without having to bring the scoop back inside.
