

## VEGA HOLSTER

***Italian Excellence in Tactical Gear***

### COMPANY HISTORY

Vega Holster S.r.l. was founded in **1993** by **Toschi Lio**, who currently manages the company together with **Giovanna and Toschi Francesco**.

Over the years, the company has experienced steady growth, first establishing a strong presence in the Italian market and subsequently expanding successfully into the European and international markets.

Today, Vega Holster is recognized as one of the industry leaders, exporting its products worldwide. Vega Holster products are widely used by **military and law enforcement agencies**, including the police forces of **Greece, Venezuela, the Netherlands, Saudi Arabia, France, Portugal, Spain**, and many others.

Vega Holster products are also supplied to the **Italian Army** and several international military units operating in **high-risk and sensitive missions**.

The company collaborates with and develops innovative and functional product lines for leading brands in various industries, including **weapon manufacturers (Beretta, H&K, Walther Group, among others)**, optical instruments, and knife producers.

Vega Holster products have also appeared in **numerous TV series and major film productions**, including the **James Bond** franchise.

### PRODUCT DEVELOPMENT

Vega Holster specializes in the **design and development of equipment for military and law enforcement professionals**.

The company works closely with end users, collecting technical feedback and operational insights to continuously improve existing products and develop new solutions aimed at **enhancing performance, safety, and user comfort**.

### DELIVERY

Vega Holster understands the importance of **timely delivery**.

Thanks to efficient production planning and warehouse management, the company consistently meets agreed delivery schedules, even for **urgent or high-priority orders**, whether they involve large quantities or limited production runs.

## CUSTOMER SUPPORT

Supported by a team of skilled and dedicated professionals, Vega Holster provides **comprehensive customer support** throughout every stage of the order process — from **design and customization** to **final delivery**.

## MARKETING & EVENTS

Vega Holster regularly participates in the most important international trade fairs in the industry, including:

- **SHOT Show**
- **World Defense Show**
- **Enforce Tac**
- **Milipol**
- **Eurosatory**
- **IDEX**

The company also promotes its products through leading **specialized international magazines**.

## LOCATION & WORKFORCE

Vega Holster operates from a facility of over **3,000 square meters** located in **Tuscany, in the province of Pisa**.

The internal workforce consists of approximately **40 employees**, including production staff, office personnel, designers, model makers, and other specialized professionals.

The company also works with selected external partners under strict internal supervision for the processing of special products and supplies.

All Vega Holster items are **designed and manufactured in Italy**.

## RAW MATERIALS & SUPPLIERS

Vega Holster uses **high-quality materials and components** sourced from trusted suppliers.

**Primary materials include:**

- Cordura® Nylon
