

Updraft® CustomSling Defence

The tailor-made Updraft® CustomSling offers all the benefits of a wire rope sling – at just one seventh the weight!

Minimum weight

Ultra-light and flexible for exceptionally fast handling with minimised risk of injury. Optimal utilisation of the crane load capacity.

Maximum safety

DIN EN 1492-4 certified, type-approved by DNV, extremely abrasion-resistant and corrosion-free. Targeted protection in the contact area

Perfectly made to measure

Custom-made in a 100% reproducible process from DynaOne® HS, the textile wire rope replacement. Length tolerance: 0.5% of the effective working length.

Technical data

Load capacity [t]	Rope diameter [mm]	Base length [m]	Weight base length [kg]	Weight per additional meter [kg]
10	20	2	1,9	0,5
20	32	3	6,0	1,1
30	38	3	9,6	1,7
40	44	4	16,8	2,4
50	52	4	24,0	3,2
60	56	5	31,7	3,6
70	64	5	41,7	4,5
80	76	6	58,8	5,4
90	84	7	79,8	6,4
100	88	7	93,1	7,1

Gleistein

More than Ropes.
