MULTIPLE APPLICATIONS

From sport fields to synthetic grass, SWOZI is suitable for a variety of organisations.

SEMI-AUTONOMOUS

PICO

GPS EFFICIENCY FOR A LIMITED BUDGET

A precision-guided walk-behind line marker with GPS robotic arm.

PRO

PROFESSIONAL MARKER FOR DAILY USE

A precision-guided walk-behind line marker with GPS robotic arm.

RIDE ON

10 FIELDS IN LESS THAN 300 MINUTES

A precision-guided ride-on line marker with GPS robotic arm.

THE ULTIMATE LINE MARKING SOLUTION

The SWOZI *pro* and *pico* are versatile and adaptable line marking solution. It uses GPS or laser technology, to accurately position and layout lines. Laser is mainly used in areas with limited GPS reception (trees, buildings, stadiums).

SWOZI GPS Technology

or

SWOZI Laser Technology

SWOZI RTK BASE

Flexible with your own „No Drift“ GPS Base station.

SWOZI MOBILE RTK - GPS WITH SUBSCRIPTION

Convenient subscription via app.

BUILT TO PERFECTION

EFFICIENCY, ACCURACY AND MOBILITY

The SWOZI cart is made of lightweight aluminium with a handle bar for easy pushing.

The SWOZI arm keeps the line straight even when you wander.

The line width and spray rate are adjustable to your needs.

The SWOZI paint app is easy to use and runs on a standard Samsung tablet.

SWOZI is a sports technology company with an extensive background in machine automation. We design, develop and manufacture the industry's most versatile line marking system and applications for sports fields. Our pioneering solutions are based on cutting-edge GPS and robotic technology to simplify workflows for turf fields while meeting sporting code with 100% accuracy. Driven by our passion for sports and high accuracy, we create advanced line marking solutions to significantly improve efficiency. Green-keepers, line marking businesses and sports field operators all over the world trust our expertise.
