Composition

Processed Lamb Protein, Processed Chicken Protein, Corn, Chicken Fat, Rice, Sugar beet, Chicken Liver Flavor, Vitamins and Minerals, Flaxseed, Xylo - Oligosaccharide, Brewer's Yeast, Salt, Yucca Schidigera, Beta-Glucan, Quillaja, Preservatives - Antioxidants.

Nutritional Additives

Crude Protein.....30%
Crude Fat.....15%
Crude Ash.....8%
Crude Cellulose (Fibre).....2,5%

Analytical Constituents

Vitamin A (E672).....18,000 IU/kg
Vitamin D3 (E671).....1,500 IU/kg
Vitamin E (3a700).....200 mg/kg
Vitamin C (Stay C).....200 mg/kg
Taurine.....1,500 mg/kg

Composition

Chicken Proteins (dehydrated), Corn, Chicken Fat, Rice, Beet Pulp, Chicken Liver Flavour, Vitamins and Minerals, Flaxseed, Xylo-Oligosaccharides, Brewer's Yeast, Salt, Yucca Schidigera, Beta - Glucan, Quillaja, Preservatives – Antioxidants.

Nutritional Additives

Crude Protein.....30%
Crude Fat.....15%
Crude Ash.....7%
Crude Cellulose (Fibre).....2%

Analytical Constituents

Vitamin A (E672).....18,000 IU/kg
Vitamin D3 (E671).....1,500 IU/kg
Vitamin E (3a700).....200 mg/kg
Vitamin C (Stay C).....200 mg/kg
Taurine.....1,500 mg/kg

Composition

Chicken Proteins (dehydrated), Corn, Chicken Fat, Rice, Beet Pulp, Liver Flavour, Vitamins and Minerals, Flaxseed, Xylo-Oligosaccharides, Brewer's Yeast, Salt, Yucca Schidigera, Taurine, L-Carnitine, Preservatives – Antioxidants.

Nutritional Additives

Crude Protein.....33%
Crude Fat.....18%
Crude Ash.....8%
Crude Cellulose (Fibre).....2%

Analytical Constituents

Vitamin A (E672).....18,000 IU/kg
Vitamin D3 (E671).....1,500 IU/kg
Vitamin E (3a700).....200 mg/kg
Vitamin C (Stay C).....200 mg/kg
Taurine.....1,500 mg/kg

Wild Atlantic Kitten

Composition: Chicken protein meal, pea starch flour, poultry fat, fish protein, potato flakes, hydrolysed poultry protein dehydrated egg, beet pulp, cellulose, fish oil, seaweed, minerals and vitamins (mono calcium phosphate, potassium chloride calcium carbonate, calcium iodate anhydrous, sodium selenite ferrous sulphate monohydrate, cupric sulphate pentahydrate zinc sulphate monohydrate, manganous sulphate monohydrate cupric chelate of glycine hydrate, zinc chelate of glycine hydrate manganese chelate of glycine hydrate, vitamin A, retinyl acetate vitamin D3, cholecalciferol, vitamin E (all rac-alpha tocopherol acetate), vitamin B1, riboflavin, vitamin B6, vitamin B12, niacin calcium pantothenate, folic acid, biotin, vitamin C, choline chloride), carnitine, taurine, DL methionine, MOS, yucca chicory, inulin, ginger, turmeric, cranberry, natural antioxidants.

Analytical Components: Protein 37%, Fat 23%, Raw Ash 6.5%, Crude Fibre 2%, Calcium 1.3 %, Phosphorus 0,9%.

Wild Atlantic Indoor Cats

Composition: Chicken protein meal, pea starch flour poultry fat, potato flakes, fish protein, hydrolysed poultry protein, dehydrated egg, beet pulp, cellulose, fish oil seaweed, minerals and vitamins (mono calcium phosphate calcium carbonate, calcium iodate anhydrous, sodium selenite, ferrous sulphate monohydrate, cupric sulphate pentahydrate, zinc sulphate monohydrate, manganous sulphate monohydrate, cupric chelate of glycine hydrate zinc chelate of glycine hydrate, manganese chelate of glycine hydrate, vitamin A, retinyl acetate, vitamin D3, cholecalciferol vitamin E (all rac-alpha tocopherol acetate), vitamin B1 riboflavin, vitamin B6, vitamin B12, niacin, calcium pantothenate, folic acid, biotin, vitamin C, choline chloride) carnitine, taurine, DL methionine, MOS, yucca, chicory inulin, ginger, turmeric, cranberry, natural antioxidants.

Analytical Components: Protein 34%, Fat 20%, Raw Ash 6,5%, Crude Fibre 2%, Calcium 1%, Phosphorus 0,6%.

Wild Atlantic Sterilized

Composition: Chicken protein meal, pea starch flour, potato flakes, fish protein, poultry fat, hydrolysed poultry protein dehydrated egg, beet pulp, cellulose, fish oil, seaweed, pea hull fibre, minerals and vitamins (mono calcium phosphate potassium chloride, calcium carbonate, calcium iodate anhydrous, sodium selenite, ferrous sulphate monohydrate cupric sulphate pentahydrate, zinc sulphate monohydrate manganous sulphate monohydrate, cupric chelate of glycine hydrate, zinc chelate of glycine hydrate, manganese chelate of glycine hydrate, vitamin A, retinyl acetate, vitamin D3, cholecalciferol, vitamin E (all rac-alpha tocopherol acetate) vitamin B1, riboflavin, vitamin B6, vitamin B12, niacin, calcium pantothenate, folic acid, biotin, vitamin C, choline chloride) carnitine, taurine, DL methionine, MOS, yucca, chicory, inulin ginger, turmeric, cranberry, natural antioxidants.

Analytical Components: Protein 36%, Fat 12,5%, Raw Ash 7%, Crude Fibre 4%, Calcium 1.3 %, Phosphorus 0,9%.

Wild Atlantic Red Clover & Chicken

Adult Dog Food for All Breeds

Composition: Chicken protein meal, potato flakes, pea starch flour, poultry fat, hydrolysed liver, beet pulp, pea hull fibre, fish oil, dry carrot, seaweed, minerals and vitamins (mono calcium phosphate, calcium carbonate, calcium iodate anhydrous, sodium selenite, ferrous sulphate monohydrate, cupric sulphate pentahydrate, zinc sulphate monohydrate, manganous sulphate monohydrate, cupric chelate of glycine hydrate, zinc chelate of glycine hydrate, manganese chelate of glycine hydrate, vitamin A, retinyl acetate, vitamin D3, cholecalciferol, vitamin E (all rac-alpha tocopherol acetate), vitamin B1, riboflavin, vitamin B6, vitamin B12, niacin, calcium pantothenate, folic acid, biotin, vitamin C, choline chloride), carnitine, DL methionine, L Tryptophan, MOS, yucca, chicory, inulin, nettle, spinach, rosehip, red clover flower, ginger, turmeric, thyme, fennel, natural antioxidants.

Analytical Components:
Protein 28%, Fat 15%, Raw Ash 6,5%, Crude Fibre 3,5%, Calcium 1.2 %, Phosphorus 0,8%, Total Omega-6 FA 2,8%, Total Omega-3 FA 0,4%.

Wild Atlantic Fish & Lamb

Adult Dog Food for All Breeds

Composition: Lamb meal, potato flakes, pea starch flour, fish, poultry fat, hydrolysed liver, beet pulp, carrot, fish oil, seaweed, minerals and vitamins (mono calcium phosphate, potassium chloride, calcium carbonate, calcium iodate anhydrous, sodium selenite, ferrous sulphate monohydrate, cupric sulphate pentahydrate, zinc sulphate monohydrate, manganous sulphate monohydrate, cupric chelate of glycine hydrate, zinc chelate of glycine hydrate, manganese chelate of glycine hydrate, vitamin A, retinyl acetate, vitamin D3, cholecalciferol, vitamin E (all rac-alpha tocopherol acetate), vitamin B1, riboflavin, vitamin B6, vitamin B12, niacin, calcium pantothenate, folic acid, biotin, vitamin C, choline chloride), carnitine, taurine, DL methionine, MOS, yucca, chicory, inulin, ginger, turmeric, cranberry, natural antioxidants.

Analytical Components:
Protein 27%, Fat 13%, Raw Ash 9,5%, Crude Fibre max 3%, Calcium 1,8%, Phosphorus 1,2%, Total Omega-6 FA 1,4%, Total Omega-3 FA 0,5.

Wild Atlantic Seaweed & Fish

Adult Dog Food for All Breeds

Composition: Fish (fish dehydrated protein, hydrolized fish), pea starch flour, potato flakes, poultry fat, fish protein, hydrolysed liver, beet pulp, fish oil, minerals and vitamins (mono calcium phosphate, calcium carbonate, calcium iodate anhydrous, sodium selenite, ferrous sulphate monohydrate, cupric sulphate pentahydrate, zinc sulphate monohydrate, manganous sulphate monohydrate, cupric chelate of glycine hydrate, zinc chelate of glycine hydrate, manganese chelate of glycine hydrate, vitamin A, retinyl acetate, vitamin D3, cholecalciferol, vitamin E (all rac-alpha tocopherol acetate), vitamin B1, riboflavin, vitamin B6, vitamin B12, niacin, calcium pantothenate, folic acid, biotin, vitamin C, choline chloride), carnitine, taurine, DL methionine, MOS, yucca, chicory, inulin, ginger, turmeric, cranberry, natural antioxidants.

Analytical Components:
Protein 27%, Fat 15%, Raw Ash 6,5%, Crude Fibre 3%, Calcium 1.1 %, Phosphorus 0,8%. Total Omega-6 FA 2,3%, Total Omega-3 FA 0,6%.
