**Royal
Products
for Royal Pets**

Royal Products for Royal Pets

The **Royalist®** brand has served the pet sector since 2012, in Turkey, as well as exporting to the Global market. We continue to meet the demands of the sector by improving our products and developing new ones in our eco-friendly rejuvenated packaging.

We closely follow the needs, trends, and innovations in the pet world and are continually adding new products to our already extensive product range. We also take pride in our constant endeavor in the development of the ingredients in our products, thus enabling an up-to-date version of our wide range of products, to the pet sector/industry.

The **Royalist®** pet nutrition group offers a variety of **dry/wet foods for both cats and dogs, treats, and snack bars, including a new creamy snack treat plus food for aquatic life.** We offer these products in different types, forms, volumes, and packages.

In addition, our nutritional group contains a wide range of nutritional supplements and innovative formulated products for both cats and dogs. Our pet care and hygiene range offers shampoos in different formulas according to pets' requirements. Additionally, we hold a rich selection of cat litters, toilet training pads, and dog diapers products, that meet and manage the basic needs of pets.

We care about our little friends and continue to develop "**Kings-worthy**" products in our accessory range. Many products such as leashes, toys, food bowls, beds, nests, huts, and carrying bags upholding **Royalist®** quality mark can be found at our outlets.

Nutritional Supplements in collaboration with Veterinary Formulas

Our nutritional supplements in consultation and collaboration with veterinary formulas are produced using separate ingredients for cats and dogs. Our nutritional supplements are in tablet and paste form and are offered in several varieties to meet the general needs of adult cats and dogs.

In addition, **milk powder** and **vitamin pastes** that specifically support the healthy development and growth of kittens and puppies are also in our product range.

We have added innovative products such as, **glucosamine paste** and **relaxing paste** for cats to our product range and we continue to develop and add new ones.
