About Yonglang

Top Playground Manufacture
In China

Yonglang Group was founded in 1993. We are a company integrating production and trading. All products produced by us are strictly complied with EN1176 or ASTM1487 standards since we always put safety and quality first. At Yonglang, playgrounds are thoughtfully designed to provide a safe, stimulating space where kids can explore, learn and grow up.

Happy Childhood Maker

Yonglang Group has a project creative center, design and development center, intelligent manufacturing center, marketing center and other core teams. With the brand concept of "Create a happy childhood, create a children's playground", we start from the nature of children, adhere to the child-oriented, and maximize respect for the use of children's needs.

Design Views

At Yonglang, we believe that game time should not just be entertainment, it should be an immersive journey full of excitement and joy. Our playgrounds are thoughtfully designed to provide a safe, stimulating environment where children can explore, learn and grow.
