

Our Comapny

We are Ta Yen Paper Box Container Co., Ltd., located in Taiwan. Founded in 1975, we have over 40 years of experience in paper product manufacturing. Our factory specializes in producing strong cardboard used for paper pallets, paper furniture, and cat products. Starting from 2008, we began exporting our products globally and to date, our GBoard paper furniture has been sold to more than 15 countries. In 2017, we initiated a new product line for cat supplies and founded a new brand "Anikitty", focusing on producing and selling high-quality cat scratchers and cat-friendly furniture.

Our Material

A cat's sense of smell is 14 times stronger than that of humans, so we use the safest and non-toxic materials to make cat furniture. Our material, GBoard (Super Cardboard), is an innovative, eco-friendly material made from recycled paper. It is 100% recyclable and the manufacturing process does not contain any toxic substances. GBoard complies with the world's strictest formaldehyde emission standards, JIS 4 Star, ensuring that the health of both humans and cats are not threatened by formaldehyde or other organic compounds.

Zero formaldehyde or volatile organic compounds.

Coated with PU. Extraordinary water resistance.

99% made from recycled paper. 100% recyclable.

Outstanding loading capacity compared to other paper products.

Our Service

OEM

We have a 6,000 square meter factory and offer professional OEM services. You can confidently consult our sales staff and provide design drafts or concepts, and we will dedicate ourselves to creating the product of your dreams.

ODM

You might also consider adding our designed products to your brand. We believe that our non-toxic and environmentally friendly GBoard material will be able to elevate your brand to the next level.

OBM

We sincerely welcome you to directly import the Anikitty product line to your country. You would enjoy comprehensive services including packaging, assembly instructions, marketing images, and even marketing videos.

Cat Household Furniture

Cats are not only our good friends but also beloved family members. Our design philosophy is to create a harmonious shared space at home for both people and cats.

Floating Series

Through the use of sophisticated steel tube brackets, we've successfully made cat scratchers float, allowing cats to jump and play among platforms with different heights. Whether it is fixed on the wall or the cat cage, there are suitable solutions.
