SHAMPOO

A care moment remembered by its scent.

At this moment, your gentle touch is the greatest care of

Bath time that lingers with scent and softness.

When your love touches their skin.

Clean Start, Deep Cleansing Line

Bathing Start, Deep Cleansing Line

- 3 IN ONE (All-in-One)
- Deep Cleansing

The Deep Cleansing Shampoo is the first step in your dog's bathing routine, an essential line that helps open pores for effective cleansing. It removes built-up impurities and sebum deep within the coat, preparing the hair for the next shampoo step to work more effectively

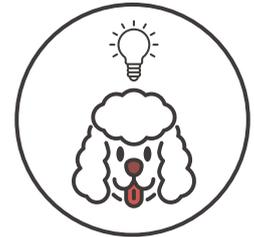

3 IN ONE (Deep Cleansing) 460ml 4L

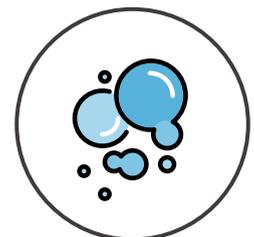

This shampoo targets heavy dirt, odor, and excess oil, leaving the coat bright, white, and clean. Gentle on hands and safe for frequent use. (Use as the base step for all shampoo routines.)

Brightening,

Whitening Effect

Deep Cleansing

Key Benefits

- Thoroughly removes residual dirt and odor from your pet's coat.
- Cleansing action effectively washes away old sebum and dust.
- Brightens and enhances the natural color of the coat.
- Adds a whitening effect for a luminous, clean finish.
- For enhanced whitening and brightening results, leave on for 3–5 minutes before rinsing.
- The perfect pre-step for styling.

How to Use

1. Fill the bathtub with a suitable amount of lukewarm water.
2. Dilute the shampoo in water and mix well.
(You may also use a dilution bottle.)
3. Apply evenly to the coat using your hands or a grooming tool.
4. Rinse off thoroughly with lukewarm water right away without leaving it on.

Deep Cleansing 460ml 4L

Suitable for all breeds, this shampoo removes oil, impurities, and odor thoroughly, cleansing deep into the pores for a refreshed and healthy coat.

Key Benefits

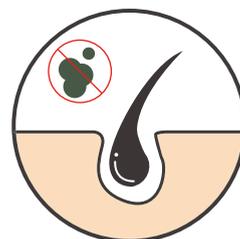

- Suitable for all breeds.
- Thoroughly eliminates oil, impurities, dirt, and odor for a clean coat and skin.
- The perfect pre-step before styling.
- The foundation step for all shampoos.

How to Use

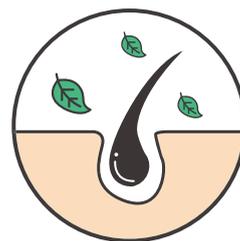

1. Fill the bathtub with a suitable amount of lukewarm water.
2. Dilute the shampoo in water and mix well.
(You may also use a dilution bottle.)
3. Apply evenly to the coat using your hands or a grooming tool.
4. Rinse off thoroughly with lukewarm water right away without leaving it on.

K9 Functional Shampoo Line

K9 Specialized Shampoo Line

- **Fluffy Shampoo (Volume)**
- **Volume Shampoo**

The K9 Functional Shampoo Line goes beyond simple cleansing, offering tailored solutions that transform your dog's coat. Each formula adds the necessary care for your dog's coat type and style, helping to create a healthy, refined finish.

Fluffy Shampoo (Volume) 460ml 4L

A volumizing shampoo that gently coats the fur to create rich, full volume without dryness or roughness. It maintains optimal moisture balance for a soft, healthy texture and long-lasting volume.

Light on the Coat

Soft Volume

Long-Lasting Lift

Key Benefits

- **Volume Enhancement:** Coats the hair smoothly to deliver rich volume without roughness.
- **Moisture Balance:** Maintains optimal hydration to prevent dryness and keep the coat healthy.
- **Long-Lasting Softness:** Keeps the coat soft and shiny even after washing.
- **Light Finish:** Leaves the coat fresh and smooth without clumping.
- **Brightening Effect:** Provides a glossy, radiant texture. For enhanced brightness, leave on for 3-5 minutes depending on coat condition before rinsing.
- Volume lasts for about 7 days, peaking around 2 to 3 days after washing. If the coat starts to clump afterward, a single brushing will restore the volume.
- The light coating creates an air layer that minimizes the buildup of impurities and oil, helping maintain a clean and healthy coat.

How to Use

1. Fill the bathtub with a suitable amount of lukewarm water.
2. Dilute the shampoo in water and mix well.
(You may also use a dilution bottle.)
3. Apply evenly to the coat using your hands or a grooming tool.
4. Rinse off thoroughly with lukewarm water right away without leaving it on.

Volume Shampoo 460ml 4L

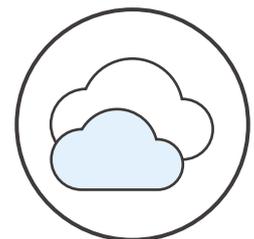

Lifts the fur to create light, airy volume and a clean finish.

Fur Lifting

Light Texture

Airy Volume

Key Benefits

- Lifts the fur to add light texture and natural volume.
- Contains less moisture than the Fluffy Shampoo, providing a lighter finish.
- For best results, use 3 IN ONE or Deep Cleansing Shampoo for the first wash, then use the Volume Shampoo for the second wash.
- After the second wash, avoid mixing with other shampoos or conditioners.

How to Use

1. Fill the bathtub with a suitable amount of lukewarm water.
2. Dilute the shampoo at a 10:1 ratio (water: shampoo) and mix well. (A dilution bottle may also be used.)
3. Apply evenly to the coat using your hands or a grooming tool.
4. Rinse off thoroughly with lukewarm water right away without leaving it on.

Care Line Completed with Moisture and Nutrition

Deeply care for
moisture and nutrition

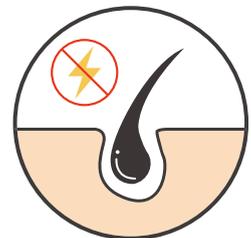

- Fluffy Conditioner
- Sea Essence Refresh Mud

Enriched with deep hydration and rich nutrients, this line restores dry and damaged coats to a healthy state, leaving them glossy, elastic, and beautifully conditioned for an elevated level of care.

Fluffy Conditioner 460ml 4L

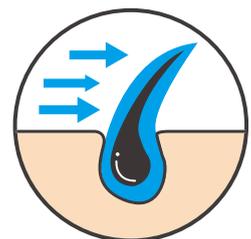

A soft, nourishing conditioner that delivers balanced moisture and nutrients for a smooth, tangle-free, and healthy shine. (Volume is maintained even after conditioning.)

Anti-Static

Smooth and Tangle-Free

Moisture & Nutrition Care

Key Benefits

- **Nourishing Care:** Supplies essential nutrients to keep the coat in optimal condition.
- **Enhanced Hydration:** Provides balanced moisture for a soft and healthy coat.
- **Tangle Relief:** Reduces tangling for easier brushing and grooming.
- **Quick Action:** Works effectively even with a gentle touch for efficient conditioning.
- **Keeps your hands soft and hydrated while applying.**

How to Use

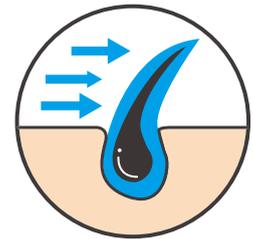

1. Fill the bathtub with a suitable amount of lukewarm water.
2. Dilute the shampoo in water and mix well. (You may also use a dilution bottle.)
3. Apply evenly to the coat using your hands or a grooming tool.
4. Rinse off thoroughly with lukewarm water right away without leaving it on.

Sea Essence Refresh Mud 500ml

Restores elasticity to damaged fur through exfoliation and intensive care while balancing oil and moisture levels for a refreshed, lightweight coat texture.

Elasticity Recovery

Intensive Care

Lightweight Texture

Key Benefits

- Strengthens and revitalizes damaged fur, restoring elasticity.
- Prevents dryness and maintains optimal oil-moisture balance.
- Provides deep, intensive treatment care.
- Effectively removes dead skin cells.
- Creates a light, non-heavy coat texture.
- Keeps the skin moisturized and smooth

How to Use

1. Fill the bathtub with a suitable amount of lukewarm water.
2. Dilute the shampoo in water and mix well.
(You may also use a dilution bottle.)
3. Apply evenly to the coat using your hands or a grooming tool.
4. Rinse off thoroughly with lukewarm water right away without leaving it on.

Cleansing Line Completed with All-in-One

ALL- IN- ONE CLEANSING

- 3 IN ONE (All-in-One)

The K9 All-in-One Shampoo is a daily care line that combines cleansing and conditioning in one simple step. With balanced and effortless care, it keeps your dog's coat healthy, fresh, and soft every day.

3 IN ONE (All-in-One) 460ml 4L

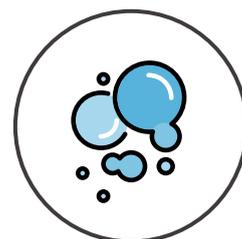

A versatile all-in-one formula suitable for daily use. Gentle on sensitive skin and safe for frequent washing without irritation or heaviness.

Brightening

Whitening Effects,

Deep Cleansing

Key Benefits

- Thoroughly removes residual dirt and odor from your pet's coat.
- Cleansing action effectively washes away old sebum and dust.
- Brightens and enhances the natural color of the coat.
- Adds a whitening effect for a clean, luminous finish.
- For enhanced whitening and brightening results, leave on for 3-5 minutes before rinsing.
- The perfect pre-step before styling.

How to Use

1. Fill the bathtub with a suitable amount of lukewarm water.
2. Dilute the shampoo in water and mix well.
(You may also use a dilution bottle.)
3. Apply evenly to the coat using your hands or a grooming tool.
4. Rinse off thoroughly with lukewarm water right away without leaving it on.

Daily Spray to Complete the Coat

Daily Spray to Complete the Coat

- Detangling Spray
- Fluffy Spray (Volume)
- Moisturizing Spray

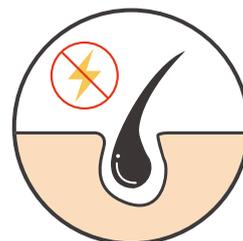

The K9 Spray Line offers a variety of solutions tailored to your dog's coat type and condition. With daily use, you can maintain a healthy, beautiful coat with ease.

Detangling Spray 200ml 2L

A detangling spray that gently loosens tangled fur and smooths the coat. It protects against damage and static while leaving a soft, sweet fragrance for a pleasant finish.

Tangle-Free Coat,
Smooth Finish

Anti-Static,

Fresh Feel

Key Benefits

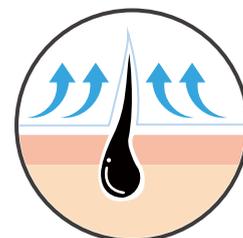

- Instantly softens and detangles knotted fur.
- Smooths the coat for easier brushing.
- Prevents static and protects the coat from damage.
- A lightweight daily spray with a soft, sweet scent.
- Can be used before or after bathing to reduce static.
- Use during the finishing step to add a subtle fragrance.

How to Use

1. Spray evenly from a distance of 30-40cm.
2. Brush gently in the direction of the coat.
3. Absorbs instantly, leaving a fresh and non-sticky finish.
4. Suitable for both wet and dry fur.

Fluffy Spray (Volume) 200ml 2L

A volumizing spray that gives light, airy fullness without stickiness. With immediate lift and strong hold, it creates soft, fresh daily styling with ease.

Instant Volume

ong-Lasting Style

Fresh Finish

Key Benefits

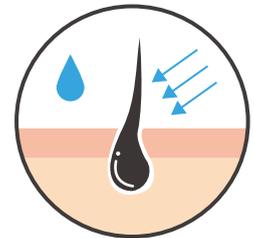

- Provides instant volume upon spraying.
- Maintains firm hold throughout the day.
- Lightweight formula with no stickiness.
- Adds basic hydration and a pleasant scent for complete daily styling.
- Can be used before or after bathing to reduce static.
- Use during the finishing step to enhance fragrance.

How to Use

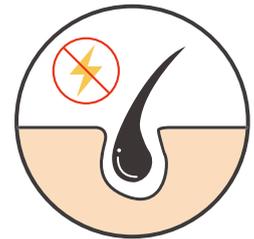

1. Spray evenly from a distance of 30-40cm.
2. Brush gently in the direction of the coat.
3. Absorbs instantly, leaving a fresh and non-sticky finish.
4. Suitable for use on dry fur.

Moisturizing Spray 200ml 2L

Infused with moisture and nutrients, this spray revitalizes dry, damaged fur for a soft, elastic texture. It finishes clean and fresh without stickiness, adding a gentle scent in the final step of grooming.

Moisture
& Nutrition Supply

Anti-Static

Fresh Finish

Key Benefits

- Provides an extra layer of hydration for daily care.
- Delivers shine and moisture simultaneously for a radiant coat.
- Nourishes and strengthens damaged fur for healthy, resilient texture.
- Finishes fresh and non-sticky, ideal for everyday use.

How to Use

1. Spray evenly from a distance of 30-40cm.
2. Brush gently in the direction of the coat.
3. Absorbs instantly, leaving a fresh and non-sticky finish.
4. Suitable for both wet and dry fur.

Ear Cleaner that takes care of ear health

Perfect Ear Cleaner for Healthy Ears

- Perfect Ear Cleaner

Perfect Ear Cleaner gently removes ear debris and helps maintain a clean, healthy ear environment with 99.9% antimicrobial care.

Perfect Ear Cleaner 100ml 1L

With 99.9% antibacterial and sterilizing effects, this ear cleaner helps maintain clean ear hygiene, reduces odor and discharge, and supports the prevention of ear infections.

Key Benefits

- Removes earwax and dead skin cells.
- Relieves itching and irritation.
- Eliminates 99.9% of bacteria strains.
- Provides soothing care with aromatherapy, calming the skin and easing inflammation.
- Promotes skin regeneration and protection.
- Delivers gentle moisturization through aromatic ingredients.

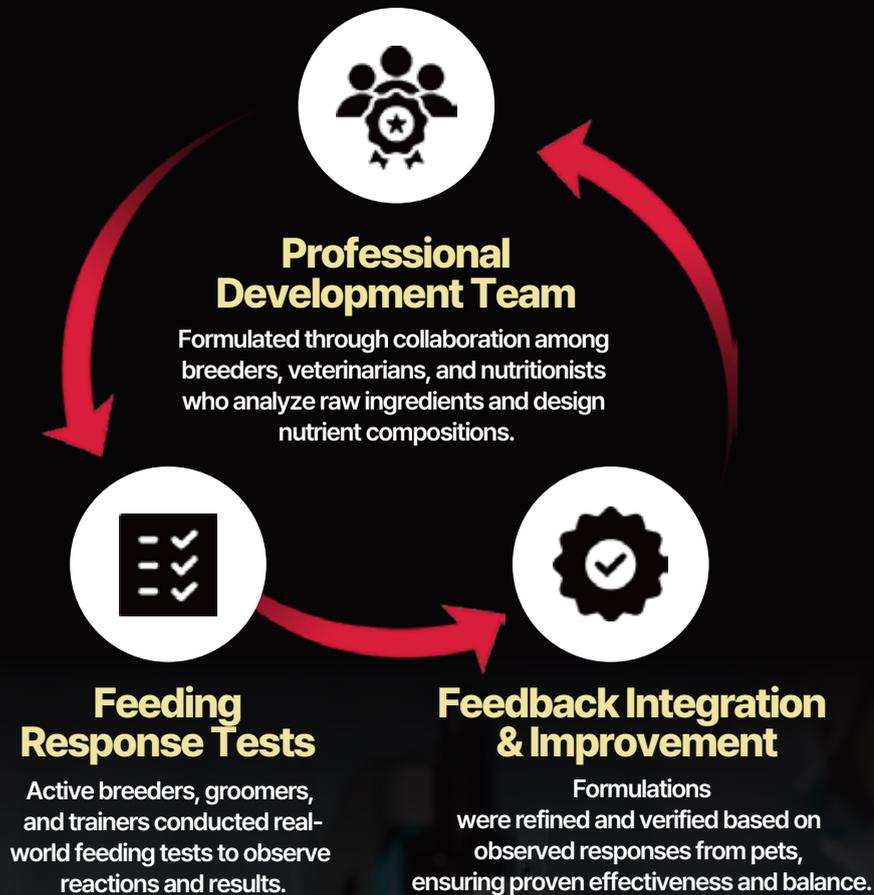

Proven to suppress the growth of *Staphylococcus aureus* and *Pseudomonas aeruginosa*, **Proven 99.9% sterilizing effect**

How to Use

1. Loosen the cap slightly to allow the solution to flow out.
(Do not remove completely.)
2. Gently squeeze the bottle to let the solution slowly enter the ear canal, then massage lightly.
3. Allow your pet to shake off the excess solution, then wipe gently with a cotton pad.
4. Do not use cotton swabs inside the ear, as they may cause irritation.
5. Check your pet's clean and refreshed ears after use.

SUPPLEMENT

Overview of the Development Process

The K9 KOREA Supplement Development Story Created in Collaboration with Trusted Experts

K9 KOREA supplements are more than just products. They are premium, verified formulations developed through years of collaboration with breeders, veterinarians, and nutritionists. Each product has been field-tested over one to three years by active breeders, groomers, and trainers to ensure proven safety and effectiveness.
