

BERGANS OF NORWAY - AUTUMN/WINTER 26/27

THE NEW HOGNA HUNTING COLLECTION 26/27

## HOGNA - PERFECT FOR ALL HUNTERS

ORIGINAL SINCE 1908

Hunting demands the utmost performance from both the hunter and their equipment - endurance, precision, and absolute reliability are crucial. With over 115 years of experience in developing high-quality outdoor clothing, Bergans brings this expertise to the new Hogna hunting collection. It offers functional, comfortable, and sustainably designed clothing that has been specially developed for demanding use. Modern technologies, robust materials, and well-thought-out details work together perfectly, making the Hogna Collection the ideal choice for active hunters who want to be able to rely on their equipment even in extreme weather and terrain conditions - whether in their local hunting grounds or high up in the mountains.

### HOGNA 2,5 L SHELL JACKET

The Hogna 2.5L Shell Jacket is a lightweight, compact, and weatherproof jacket for hunting and versatile outdoor activities in changeable conditions. The 2.5-layer construction, equipped with the Bega Membrane Balanced™ and PFAS-free waterproofing, offers reliable weather protection with good breathability, while bluesign®-certified details underline the sustainable choice of materials. Soft inserts at the chin and neck, a sturdy, adjustable hood with a stiffened peak, and ventilation zippers under the arms ensure a high level of comfort. Well-designed pocket solutions with antenna openings, cable routing, and zippers offer practical functionality. The regular fit with pre-shaped elbows, extended back, and adjustable cuffs ensures freedom of movement and protection from the elements. Available with or without camouflage print. Retail price: € 380

### HOGNA 2,5 L SHELL PANTS

The HOGNA 2.5L Shell Pants are lightweight, weatherproof shell trousers designed for hunting and versatile outdoor use in changeable conditions. The 2.5-layer Bega Membrane Balanced™ construction with PFAS-free water-repellent treatment provides reliable weather protection and high wearing comfort, while the durable ripstop fabric remains pleasantly lightweight. A moisture-absorbing waistband, reinforced leg hems, and additional internal reinforcements enhance comfort and durability. Ventilation zippers on the thighs allow for precise airflow regulation. A zippered pocket on the right thigh offers practical storage space. The regular fit with pre-shaped knees ensures optimal freedom of movement, while adjustable leg endings provide a secure fit over boots. Sustainable, bluesign®-certified materials complete the design. Available with or without camouflage print. Retail price: € 280

## HOGNA 3L ANORAK

It's all about the details! The Hogna 3L Anorak offers everything you would expect from a 3-layer shell anorak for hunting. The brushed micro-tricot fabric is not only super soft and comfortable to wear, but also weatherproof. It is made from a 3-layer material with a 100% polyester outer fabric featuring PFAS-free water-repellent properties – the Bega Membrane Balanced™. Thoughtful chest pockets with a headphone outlet for a radio and other devices, a fixed hood, pre-shaped elbows, and an extended back complete the design. To ensure the anorak is also suitable for left-handed users, the chest pocket is available on both sides. Now also available in Orange Camo. Retail price: € 529.95

## INNER:PURE MERINO BASELAYER

Nothing beats wool (Merino) when it comes to performance and comfort. Pure wool is not only exceptionally soft and warm, but also regulates the body's microclimate far better than other materials. The Inner Pure Baselayer and tights are the ultimate companions for any adventure, ensuring you stay dry and warm in all conditions. Made from 100% RWS-certified Merino wool, this wool is not only responsibly sourced but also extremely comfortable to wear thanks to its rib-knit construction. Retail price: € 85 each

## HOGNA WINDBLOCK JACKET

The Hogna Windblock Jacket is a windproof, insulating hunting jacket specifically designed for long days outdoors. The quiet polyester fabric provides reliable protection against the wind, is breathable, and can easily be worn over a midlayer. Practical zippered pockets and chest pockets keep essential items within easy reach, while radio-friendly details such as antenna loops and dedicated attachment points keep cables neatly stored and equipment securely in place. The Hogna Windblock Jacket is the perfect choice for changeable hunting conditions. Retail price: € 230

## HOGNA 35

The Hogna 35 is a compact, reliable hunting backpack made from durable 100% polyester with a PFAS-free water-repellent finish. The VentilLight™ back system ensures good ventilation, while the lightweight frame provides stable load distribution. Flat shoulder straps offer secure support for a rifle attachment. Practical details such as a full-length front zipper, multiple zippered pockets, and a ventilated, flexible hip belt with a dog leash attachment and removable pockets make organization easy. High-quality YKK zippers and bluesign®-certified details make the Hogna 35 durable and highly functional. Retail price: € 230 The Hogna collection also includes a 45L backpack and an 11L hip bag. Retail prices: €270, €150
