SHAMPOO

BIO PRO PHYTO KERATIN

dilution: 1:20 | Dog & cat | All coats

Bio pro phyto keratin shampoo is a certified organic, vegan product highly professional and designed as a restructuring, repairing, high-performing, anti-frizz, smoothing shampoo with gentle cleansing properties. It is dermatologically safe and of plant origin. It has anti-static properties with strengthening and moisturizing effects, based on plant proteins, wheat proteins (organic phyto keratin), and soy proteins. Wheat proteins or organic phyto keratin are the organic vegetable substitute for animal derived keratin, the perfect ingredient that acts on areas where the fiber is damaged, improving coat texture. It also has a repairing and moisturizing action. Soy protein has a high content of proteins, lipids, and vitamin E, and it is a boon for stressed coats that require maintenance, resulting in shinier and softer fur. Excellent for all breeds. For excellent results, it is recommended to use Bio pro serum spray and Bio pro mask..

Dilute the shampoo and apply to the dry coat. Massage carefully, leave on for a few minutes, and rinse thoroughly. Repeat if necessary.

250 ml. IT25033 | 1L IT93036 | 5L IT95021

ENERGY

dilution: 1:50 | Dog & cat | All coats

Energy shampoo degreaser is a highly concentrated product formulated to gently degrease without irritating the skin or drying out the coat. Thanks to organic ingredients such as chamomile recutita and aloe barbadensis, it has degreasing, relaxing, purifying, and decongestant effects, enriched with essential vitamins C and E to hydrate both skin and coat. Ideal for greasy, neglected coats with malodorous skin, it removes residues from the use of oils, conditioners, and sheaths, suitable for both long and short hair. For excellent results, we recommend using Energy Mask.

Dilute the shampoo and apply to the dry coat. Massage carefully, leave on for a few minutes, and rinse thoroughly. Repeat if necessary.

1L IT93009 | 5L IT95014

OATMEAL

dilution: 1:50 | Dog & cat | All coats

Oatmeal universal shampoo is a highly concentrated product specifically designed for frequent use and sensitive skin, ideal for all types of coats. It gently cleanses and nourishes the coat thanks to its natural ingredients sourced from organic farming. Oatmeal is a nourishing ingredient, rich in important vitamins, minerals, and antioxidants beneficial for both the skin and coat. Althaea officinalis root extract has soothing and restructuring properties. Prunus amygdalus dulcis (sweet almond) seed extract provides moisturizing and nourishing properties for both the skin and coat. Fennel contains chlorogenic acid, one of the most powerful antioxidants found in nature, and is rich in vitamins A, B, and C. Sweet almond oil is perfect for treating damaged and frizzy coats. Rich in fatty acids and vitamins: B1, B2, B6, D, and E. It promotes hair growth and microcirculation of the skin. Suitable even for elderly dogs.

Dilute the shampoo and apply to the dry coat. Massage carefully, leave on for a few minutes, and rinse thoroughly. Repeat if necessary.

MASK

BIO PRO PHYTO KERATIN

dilution: 1:30 | Dog & cat | All coats

Bio pro phyto keratin mask is a certified organic, vegan, highly professional product designed as a restructuring, repairing, high performance, anti frizz, smoothing, dermatologically safe, and plant based treatment, containing organic wheat proteins (phyto-keratin) and soy proteins. It has reparative and moisturizing actions, giving the coat a healthier and shinier appearance, providing support and revitalizing coats, making them stronger and more voluminous. Organic wheat proteins, or phyto keratin, are the organic vegetable substitute for animal derived keratin and are the perfect ingredient that acts on areas where the fiber is damaged, improving the coat's texture. Soy protein, with its high content of proteins, lipids, and vitamin E, is a remedy for stressed coats that require maintenance, leaving the fur shinier and softer. Excellent for all breeds. For excellent results, we recommend using Bio pro serum spray and Bio pro shampoo.

Dilute the mask and apply to wet coat. Massage carefully, leave on for a few minutes, and rinse thoroughly.

ONLY NATURAL AND CERTIFIED INGREDIENTS

LOTIONS AND SERUMS

BIO PRO PHYTO KERATIN

Ready to use | Dog & cat | All coats

Bio pro phyto keratin spray, certified organic and vegan, is highly restructuring and high performing, based on plant proteins, wheat proteins, soy proteins, and bamboo. It's a serum that strengthens the internal structure of the hair by sealing the cuticles. Vegetable wheat proteins or phyto keratin act as moisturizers and nourishers, conditioning and substantiating the fur. It improves the texture, hydration, and shine of damaged coats, enhancing their resistance. Soy, with its high content of proteins and lipids, rich in vitamin E, is a remedy for stressed coats that require maintenance. Bamboo strengthens the coat, increasing its elasticity and robustness. Bio pro phyto keratin is recommended for wraps and preparation of packages for expo and show dogs, benefiting greatly from its healthy effects. It's suitable for the recovery and maintenance of the most demanding and stressed coats. For excellent results, we recommend using Bio pro shampoo and Bio pro mask.

Distribute evenly over the damp surface and proceed with drying
