NEW ERA

At Caramel & cie., we are entering a new era with our manifesto "Family, my love": an inclusive and emotional vision of the family, where children, parents, chosen loved ones, and now pets come together. True to our DNA of designer Schoolbags, we are expanding our universe with collections that accompany modern families: chic, creative, and always attentive to beauty and responsibility.

PETS COLLECTION

With the Pets Collection, Caramel & Cie. introduces a new expression of style and redefines the codes of the pet market. Designed for an urban clientele seeking elegance, the collection transforms the pet carrier into a true fashion accessory, where design meets function with refinement.

Pet accessories are no longer simply functional: they become desirable, distinctive pieces, fully aligned with a contemporary lifestyle. For retailers, this is an opportunity to meet the expectations of a demanding clientele, sensitive to creativity, quality, and style.
