PMG Label-Carrier – The label holder

- the PMG Label Carrier is a permanent label holder which makes it possible to remove non-returnable labels quickly and easily without leaving any residue
- a widely varied temperature range makes it suitable for the most diverse applications, i.e. it adheres to a large number of surfaces and is REACH/SVHC and RoHS compliant
- the Label Carrier is still suitable for use after multiple washing procedures and the plastic containers remain clean
- standard design (w x h): 150 mm x 100 mm (5.9 inch x 3.9 inch | size variable on request)
- offers long-term durability in interior spaces
- offers good resistance in outdoor areas

Industry sectors: Container labeling, pallet labeling, storage rack labeling
