

A top-down view of various ingredients arranged on a dark red, textured surface. The ingredients are presented in small, round metal bowls. Clockwise from the top, the bowls contain: almonds, dark brown round pills, a bright yellow powder, white powder, star anise, and a brown granular substance. Fresh green leaves and a cinnamon stick are scattered around the bowls. The text 'TREE-FREE BLOCK BOTTOM BAGS' is overlaid on the left side of the image in a large, bold, white font.

# TREE-FREE BLOCK BOTTOM BAGS

## “LOCK IN THE FLAVOR, LEAVE A LIGHTER FOOTPRINT”

When it comes to food all ingredients matter. Doesn't the same apply to the packaging? Customers trust that their delicious (dry) food is packed food safe while contributing to nature and the preservation of our ecosystems.

PaperWise embraces the natural origins in which delicious dry food deserves to be packaged and protected.

PaperWise Natural -unbleached pure paper is made from high-quality fibers sourced from stems and leaves left after the harvest of grains, rice, hemp or sugarcane. PaperWise turns plant residues into something beautiful and eco-friendly.

Contribute to a better world. PaperWise guarantees the **lowest environmental impact: 47%** lower than tree-based paper & board, **29%** lower than recycled board and paper. PaperWise is **tree-free, CO<sub>2</sub>-neutral** and **generates extra income for poor farmers**. Numerous certifications for **compostability, food safety, recyclability** ensure high quality.
