All-purpose modular cargo bed

BATTERY POWER WAGON

- Ideal for farm and garden.
- This power wagon can use 2Ah Li-Ion rechargeable batteries to provide 88.8Wh to provide powerful capability.
- A max. loading capacity 300kg and 170L of cubage to load.
- Deep cycle technology provides: fast charge times, spill-proof design, better in the cold, high power output and low internal/vibration resistance.
- Speeds: Forward: 0-7km/h (4.4MPH) (Variable) / Reverse: 0-3.5km/h (2.2MPH) (Variable).
- The all-purpose modular cargo bed can be used as a flatbed by removing or folding the cargo panels (accessories sold separately).

Frame & Bucket Changeable

Structure & Volume

Bucket (100L)
Frame (170L)

Drump Handle
Latch can be handled by just one hand to dumping position

48V Lithium Battery
48V Li-ion all electric brushless motor system

330mm Pneumatic Wheel
200mm Swivel Wheel
Heavy duty wheels for working on different terrains

MAX. 12°(21%)

Max. Upward Slope
