The factory is expanded to 31000 m², manufacturing 20 categories of products, and reaching an annual capability of 140,000 units.

2017

Greenman products are exported to more than 30 countries overseas.

We offer products in three major categories for the global market. They are Lawn & Garden Equipment and Tools, Golf & Sports Turf Equipment, Off-Highway Electric Vehicles.

Under Lawn & Garden Equipment and Tools, there are various lawnmowers, lawn care equipment, tree care equipment, two-stroke power equipment, and garden tools. With a wide range of products, we can provide one-stop equipment solutions for all types of residential and commercial needs.

Our Golf & Sports Turf Equipment includes electric ride-on sprayer, powered ride-on green sprayer, push green sprayers, green roller, verticutters, fertilizer sprayers, trailers, and so on.

The off-highway electric vehicle, which started from golf carts alone in 2012 and now has developed into a large family of utility vehicles including, sightseeing carts, ambulance carts, cargo carriers, firefighting carts, and so on.
