THE ART OF SURROUNDING YOURSELF... WITH POSITIVE VALUES

INNOVATION

Constantly reinventing, so we can offer you the very best.

AGILITY

Adapting to the challenges of a changing world, so we can keep being the perfect partner.

RELIABILITY

Surrounding you properly, and **for a long time**.

SERVICE

Making you our main concern, so we can **offer you a Premium service**.

SUSTAINABILITY

Designing sustainable products, **to protect your future**.

OUR COMPANY

Elevating outdoor spaces with elegance

Our vision: become the go-to brand for professionals by offering tailored fencing solutions that meet local standards and elevate outdoor living.

Who are we?

Gardenode is a company born from a recognized French leader in the outdoor design industry, specializing in the supply of high-quality fencing and screening slats to professionals.

As a key player in this field, we offer innovative, reliable, and unique products that set us apart in the market.

We are committed to continuous reinvention to meet the evolving needs of our customers and the ever-changing world.

At Gardenode, customer satisfaction is our priority, ensuring that we consistently deliver the best service in the industry. This is a cornerstone of our strength and reputation.

Trusted by thousands of homeowners across Europe, Gardenode brings trusted French quality to outdoor spaces.

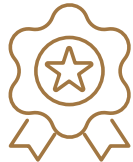

A Proven Track Record Across Europe and Beyond

Clôtures et Portails de France is a French family-owned group founded in the north of France, specializing in the manufacture, installation, and trade of outdoor products such as fencing, gates, and screening solutions. Since its founding, the group has built a strong reputation for quality and innovation.

In 2016, with the creation of Gardenode, the group expanded its international presence, marking a new chapter in its global activities.

RANGES

Solstice SCREENING

The Solstice range of screening embodies the natural harmony between light and shade – providing your outdoor spaces with both privacy and style. Inspired by nature, Solstice combines protection and elegance to create calming and secure surroundings. Whether modern or natural, this durable screening – made from eco-friendly materials – fits in with all types of surroundings, while guaranteeing a sleek design that fits subtly into your garden.

Equinox FENCING

The Equinox range redefines the art of fencing. Stable and resolutely modern, these fences offer robust protection and are made from lasting and environmentally-friendly materials. Inspired by the harmony of the changing seasons, Equinox reflects the values of renewal and sophistication – elegantly integrating into all types of outdoor space.

ENVIRONMENTALLY- FRIENDLY MATERIALS

Our ranges of fencing and screening are designed with materials that have been carefully selected for their environmental credentials.

Composite, which is made from recycled materials, is a sustainable alternative that will last for a remarkably long time, while giving resources a second life. Aluminium, known for its light weight and robustness, is also 100% recyclable – for a limited environmental impact. As for the wood, it's exclusively sourced from sustainably-managed forests which work to ensure the preservation of natural resources.

By choosing responsible materials, we can offer solutions that are both stylish and committed to building a more sustainable future.

COMPOSITE

90% recycled, 100% recyclable

Wood fibre

55%

Recycled wood fibres from furniture factories or woodworking (chips)...

PEHD

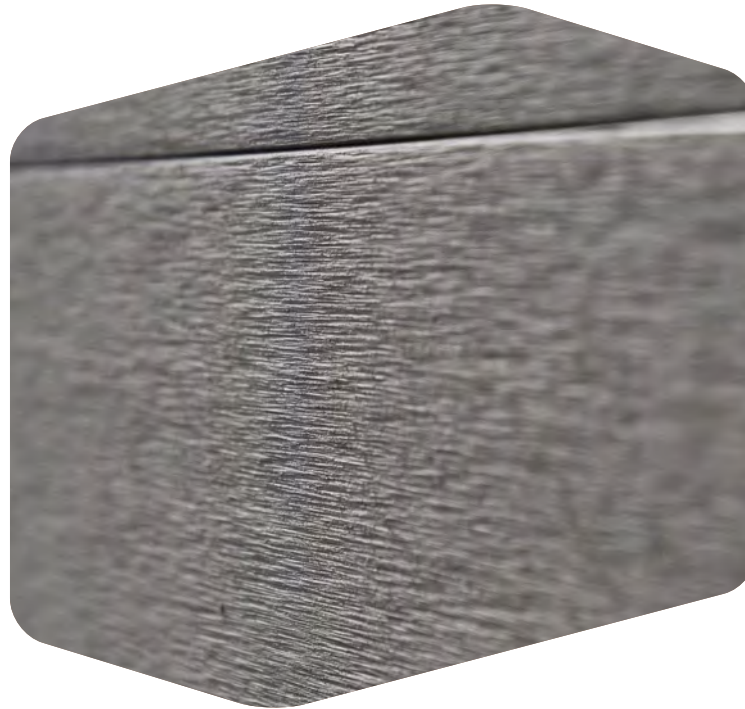

35%

Polyethylene high-density from recycled milk and shampoo bottles

Environmental features and benefits

Approximately 90% recycled wood fibre and recycled plastic materials.

High-performance sun and rain-resistant composite slat.

Designed to last.

Resistant to termite and insect attacks.

No additional treatment necessary.

Infinitely recyclable

Aluminium is 100% recyclable, without loss of its physical and chemical properties.

Environmental features and benefits

Infinitely recyclable
without loss of quality.

Corrosion resistant.

Waste reduction.

Designed
to last.

Low maintenance.

From sustainably-managed forests

Forest preservation: The use of certified wood (like FSC or PEFC) helps ensure that forests are managed to maintain biodiversity, soils, and water resources.

Carbon footprint reduction: Sustainably-managed forests capture and store carbon, helping combat climate change.

From sustainably-managed
forests.

FSC standard

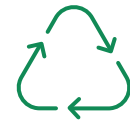

PEFC standard

Environmental features and benefits

Longevity
and durability.

Infinitely recyclable
and reusable.

FIR

Autoclaved wood is a durable and weather-resistant material.

Although treated, autoclaved wood can still be recycled or used in biomass energy production at the end of its life, thus contributing to waste reduction and a more virtuous life cycle.

PINE

Of all the resinous woods, pine is the most resistant to temperature variations. This gives it the advantage of durability and natural resistance to fungi, mould and insects.

LARCH

Larch is a durable and natural rot-resistant wood. Resistant to weather and fungal and insect attacks. Doesn't require chemical treatment. Doesn't pollute the environment after its use.

GENERAL TERMS AND CONDITIONS OF SALE

ARTICLE 1 – OBJECT

These general terms and conditions of sale govern the contractual relationship between GARDENODE SRL, Rue de la Royenne, 45 7700 Mouscron (Belgium).

BE 0662724190 RPM MONS (hereinafter “GARDENODE”) and the Customer, and the conditions applicable to any purchase of equipment (hereinafter referred to as the “Product”) from GARDENODE.

The Customer acknowledges it is a professional, defined as any natural or legal person acting for purposes relating to his trade, business, craft or profession and any person acting in the name of and on behalf of a professional.

The purchase of a Product implies full and unreserved acceptance by the Customer of these general conditions. These shall prevail over all other general or special conditions of the Customer. GARDENODE reserves the right to modify these general conditions at any time, it being specified that the conditions applicable to the Customer shall be those in force on the date the order is placed. Any special exceptions or conditions specified for the sale of a Product shall only bind GARDENODE for this sale.

ARTICLE 2 – DESCRIPTION OF THE PRODUCT

The Products offered are presented in GARDENODE's catalogues and on the website www.gardenode.com. Any photographs accompanying the presentation of the products are as accurate as possible but cannot ensure complete similarity with the product offered and, in some cases, show presentation ideas in which all the items included in the photographs are not routinely offered for sale. The Customer is invited to consult a sales adviser to find out about the essential characteristics of the Product before making a purchase, if the information provided in the catalogue appears inadequate.

The Customer himself chooses the Product that meets his requirements, and for any specific question he should consult customer service.

ARTICLE 3 – ORDER

The order is final when GARDENODE receives the purchase order, the signed quotation or on removal of the Product, if it is purchased in a store.

The order is personal to the Customer and may not be transferred or assigned without the written agreement of GARDENODE.

The Customer must ensure the accuracy of the information provided, for which he alone is responsible. The Customer must retain the invoice number which will be assigned by GARDENODE and will be requested, in particular, for any future claims.

Finally, it is specified that GARDENODE reserves the right to refuse an order that is in any way abnormal, particularly in view of the quantities ordered. Refusal of an order shall not give rise to the award of damages or to any type of compensation. Once the order has been placed with and confirmed by GARDENODE, it may not be changed or cancelled by the Customer, without the express consent of GARDENODE.

ARTICLE 4 – UNAVAILABILITY OF THE PRODUCT

If the ordered Product is unavailable, GARDENODE will inform the Customer in writing. GARDENODE will then inform the Customer of the new delivery date if this is more than 21 days from the date of the order. In the event of such unavailability, the Customer has the option of maintaining or cancelling his order, within 72 hours from receipt of the notification. If no response is received within the aforementioned period, the order shall be deemed to be maintained. If the order is cancelled, the price will be refunded to the Customer within 14 days.

ARTICLE 5 – PRICE

Prices are given to any person who requests them.

GARDENODE reserves the right to change its prices at any time, on the understanding that only the prices shown in store on the date on which the order is placed shall be applicable to the Customer.

The prices proposed in an individual quotation are guaranteed for the validity period of the quotation.

The prices shown are exclusive of tax and delivery costs, unless stated otherwise. The delivery costs applied are those indicated by GARDENODE at the time of the order.

The order may be paid for by the following means:

- bank card: GARDENODE accepts payment by bank card up to a limit set by the Customer's bank;

- cash: cash payment is limited to 1,000 euros in accordance with articles L.112-6 and D.112-3 of the Monetary and Financial Code;

- cheque payable to “GARDENODE”: GARDENODE requests customers paying by cheque to prove their identity by means of a valid official identity document;

- bank transfer: stating the order reference in the wording of the transfer and sending it to GARDENODE's bank account stated on the purchase order, quotation or invoice.

GARDENODE reserves the right to refuse any payment that points to a risk of fraud or non-payment.

GARDENODE will address an invoice showing the VAT to the Customer.

Finally, it is agreed that the price quotation and the accompanying documents shall remain the property of GARDENODE, in all circumstances. They may not be used or communicated to a third party without GARDENODE's written authorisation and must be returned to GARDENODE immediately if GARDENODE's offer is not accepted.

ARTICLE 6 – LATE PAYMENT

The total sale price, including delivery costs, is due at the time of ordering, unless otherwise agreed by the Parties. It is agreed that any partial payment will count as an advance payment.

Non-payment of a single invoice on the due date shall make all sums owed by the Customer payable immediately, without exception.

If the Customer fails to make payment on the agreed payment dates, the Customer shall be legally obliged:

- to pay a late penalty equal to three times the statutory interest rate valid on the date of delivery of the Products, calculated on the amount outstanding, excluding taxes, accruing from the expiration date of the price;

- to pay a fixed compensation for recovery of 40 euros and an additional compensation, upon appropriate justification, if the recovery costs incurred exceed this fixed amount.

GARDENODE is free to make the granting of payment terms conditional on guarantees of the Customer's creditworthiness, even during the course of execution of an order.

If there are doubts regarding the Customer's solvency or if the Customer does not provide the requested guarantees of creditworthiness, GARDENODE may require payment prior to any delivery or suspend delivery of the Products.

If a Customer makes a complaint about an invoice issued, the Customer must address his complaint to the following email/postal address: contact@gardenode.com, within 8 days following receipt of the invoice.

ARTICLE 7 – DELIVERY

The Customer can choose to collect the Product at GARDENODE's warehouse or to have it delivered.

7.1 Collection of the Product at the warehouse

The Customer has a period of 30 calendar days to collect his Product at GARDENODE's warehouse. This period shall run from receipt, by any means (post, email, sms) of the notification that the Product is available.

Upon expiry of this period, a new notification will be sent to the Customer to remind him that his order is available. The Customer then has a new period of 30 calendar days to collect his order in store. Upon expiry of this period, the order will be considered to have been cancelled by the Customer.

7.2 Delivery of the Product

Deliveries can only be made in the geographical areas covered by the store where the order was placed. These areas and the delivery rates can be found in store.

Deliveries are made to the address indicated by the Customer on the order form when placing the order. If the Customer's address changes, the Customer must inform GARDENODE promptly, before placing a new order.

The maximum delivery time for a Product from the date of the order is indicated to the Customer prior to his order. In the case of a bulk purchase of a number of products from GARDENODE, the delivery time applicable to the whole order corresponds to the longest delivery time stated for one of these Products.

All deliveries are made by appointment, agreed between the carrier and the Customer. An appointment scheduling request is made to the Customer, on the telephone number or to the address specified at the time of the order. If the Customer or a third party designated by him is absent at the nominated delivery time, GARDENODE reserves the right to re-invoice the Customer for any new delivery.

If the Products are delivered free of shipping costs (known as “carriage free”), any error or inaccuracy by the Customer in specifying the delivery address shall make him liable for the costs of the new delivery or the change of delivery address.

Delivery will be made to the ground floor of the Customer's property, from an accessible road no less than 4 metres wide. The carrier may refuse delivery if these conditions are not met. The unloading time is 30 min, any waiting time beyond this will be invoiced to the Customer.

On receipt of the Products, the Customer must check the condition and quantities of the delivered order and check the contents of the package in the carrier's presence before signing the delivery note. In the event of damaged or missing items, the Customer must note specific reservations on the delivery note and refuse delivery of the package. The Customer will inform the Seller of this by email to the following address:

contact@gardenode.com stating the order number, within three working days following the delivery. In addition, GARDENODE reserves the right to assign the carrier of its choice, if the delivery is not carried out by GARDENODE.

ARTICLE 8 - WARRANTY AND LIABILITY

8.1 Legal warranty

The Customer benefits from a legal warranty against hidden defects provided for in articles 1641 et seq. of the Civil Code for all Products supplied by GARDENODE. The Customer has a period of two years from discovery of the defect to assert the warranty against hidden defects. To benefit from the warranty against hidden defects, the Customer must provide proof that the defect was not apparent, existed at the time of purchase and makes the product unsuitable for the use for which it was intended or substantially impairs this use. If such proof is provided, the Customer can choose between cancellation of the sale or reduction of the sale price. However, GARDENODE shall not be liable for the costs of replacing or refunding any goods other than the product presenting a hidden defect, regardless of the cause of damage to these goods, and/or the labour costs relating to disassembly and replacement of the product presenting a hidden defect.

The Customer is also advised that the warranty against hidden defects applies irrespective of any commercial warranty provided by the product manufacturer.

8.2 Product returns process

The Customer must retain the packaging, the accessories provided with the Product as well as any labels affixed to the product or its packaging, which are required to benefit from the warranties.

If the Product is defective or non-compliant, the Customer must send an email to the address contact@gardenode.com or write to the address GARDENODE SRL, Rue de la Roynne, 45 - 7700 Mouscron (Belgium), stating the problems encountered with the Product(s) concerned, as well as the order references. The Customer will then receive a return number.

GARDENODE will ask the Customer to return his Product. Shipping costs are payable by the Customer. The Customer is responsible for ensuring that the product is properly packaged to avoid damage or breakage during return transit.

If the returned Product is not defective, the return will be considered as invalid and rejected. Transport, handling and testing costs will be payable by the Customer. Likewise, all products returned without a return number will be treated as a non-compliant return.

If no warranties apply to the Product, GARDENODE may provide the Customer with a quotation for repairing the Product.

It should be noted that the present warranties cover the Products sold by GARDENODE and that performances relating to installation and dismantling of the Products are not included in

the implementation of a warranty. The Products concerned are intended for external installation, and weather conditions can have an impact on the evolution of the product over time, irrespective of the purpose of the product.

8.3 Commercial warranty

Some products offered for sale by GARDENODE may be covered by a contractual warranty from their manufacturer. Commercial warranties are optional and do not replace the legal warranty. In cases where the ordered Product is guaranteed by the manufacturer, the warranty may be mentioned in the leaflet, on the packaging of the Product or in a written contract.

ARTICLE 9 - LIMITATION OF LIABILITY

GARDENODE may be exempted from all or part of its liability if it is able to show proof that the non-fulfilment or poor fulfilment of the contract is attributable either to the Customer, or to the unpredictable and insurmountable act of a third party to the contract, or to a case of force majeure, as defined in Article 1218 of the Civil Code.

The Customer is also responsible for ensuring that he has the right to install a fence, and that this installation does not infringe the rights of third parties.

GARDENODE may not, in particular, be held liable in the case of incorrect or improper use of the Products, or in the case of use that is not compliant with the instructions for installation or open air storage or in the case of any abnormal use of the Products.

If GARDENODE's liability was accepted following non-fulfilment or poor fulfilment of these general conditions of sale, the total amount of compensation cannot, by express agreement, exceed an amount equal to the price of the Product which resulted in the damage. The Customer is deemed to have purchased the Products at his own risk. GARDENODE is only liable for damaging consequences that may arise from product defects, in particular material, immaterial, commercial, operational or any other kind. Furthermore, GARDENODE shall not be held liable for any indirect damage suffered by the Customer.

ARTICLE 10 - CLAUSE OF RETENTION OF TITLE

GARDENODE reserves ownership of the Product until full payment of the price by the Customer.

The Customer shall accordingly, in the event of payment after delivery, insure the said Products on GARDENODE's behalf against risks of loss and deterioration, due to fortuitous events, under an appropriate insurance policy. In the event of partial or complete non-payment by the due date, GARDENODE may take back the said Products, without prior notification. GARDENODE will retain all sums already paid by the Customer by way of damages. The Customer will clearly identify these Products as being GARDENODE's property and will take out the necessary insurance policies to cover any damages or compensation. As the Products remain GARDENODE's property until full payment of the price, the Customer is prohibited from reselling or transforming them.

ARTICLE 11 - INTELLECTUAL PROPERTY

The Products and the promotional materials circulated by GARDENODE are protected as intellectual property. The Customer

is therefore strictly forbidden from any full or partial reproduction, representation or distribution of any element protected by GARDENODE's intellectual property rights. Furthermore, GARDENODE also owns the "Gardenode" trademark which is registered with the INPI. Consequently, the Customer is advised that any reproduction and/or imitation of this trademark, without GARDENODE's express prior authorisation, constitutes an act of infringement for which the Customer is liable.

ARTICLE 12 - PERSONAL DATA

Personal data relating to the Customer, collected during the purchase of a Product, are subject to automated processing by GARDENODE. GARDENODE's privacy policy is intended to inform the Customer of its practices concerning consent, collection, use, storage, security measures, retention period(s), recipient(s) and sharing of the personal data which the Customer is asked to provide. GARDENODE's privacy policy is available on the website www.gardenode.com. The Customer can ask a member of staff in store to produce a paper copy of this policy if desired.

ARTICLE 13 - COMPLAINTS

All requests for information and any complaints against GARDENODE must be sent by email to the following address: contact@gardenode.com or by calling the following number:

+33 974 903 903

ARTICLE 14 - APPLICABLE LAW AND JURISDICTION

The Parties acknowledge that these general terms and conditions of sale are subject to French law, regardless of the location of their registered office or establishment.

In the event of a dispute between the Parties arising from the execution or interpretation of these terms and conditions, the Parties agree prior to any court action that any complaint will be the object of a prior formal notice by post, in the form of registered mail with acknowledgement of receipt.

The Parties shall endeavour to seek an amicable solution to the dispute. If the Parties have not reached an amicable resolution to the dispute (10) days after sending the mail referred to in the previous paragraph, any Party may institute appropriate proceedings.

The Parties agree to submit any dispute to the exclusive jurisdiction of the Commercial Court of Lille Métropole in France.
