

Saving Lives by Bringing Clarity to Those Who Protect Us.

The World's First 6D Operational Digital Twin

PLAN SMARTER

Reducing planning time by 40%

"Experience the field before the first boot touches the ground"

TRAIN IN REALITY

Training time cut in half

"Real environments. Real retention. Built for the field"

EXECUTE WITH CLARITY

3x faster Decision-Making

"One reality. Zero confusion"

DEBRIEF WITH PRECISION

Total Recall With Full Engagement

"Debrief with precision. Rebuild the timeline"

Unified Operational Infrastructure

From the Tactical Edge to the Organizational Cloud

Edge AI Everywhere: Desktop • XR • Tablet • Mobile

Rapid Deployment: Air-Gapped Kits • Private Cloud

Organization Integration: Edge Node • Organization's Cloud / Data Center

4D

Unified Data Fabric

High-Fidelity Digital Twin

Operates Fully Air-Gapped
No Internet Required

Open API
TAK Built-In

Open Symbolology
NATO-Standard Out-of-the-Box

Open GIS
Integrate Any Layer or Service

Sensor-to-3D
Photorealistic Auto Reconstruction

Asset Library
Deploy, Import, or Create

5D

Unified Operational Fabric

Plan → Train → Execute → Debrief

Real-Time Collaboration
Remote Multi-User Sessions

Asset POV & Remote Control
From Command View to Street Level

Mission Management
Save, Version & Run Ops

Advanced Planning & Visualization
Vectors • Overlays • Annotations

Advanced Spatial Analytics
Viewshed • LOS • Coverage

Geospatial Measurement
Distance • Bearing • Elevation

6D

AI Intelligence Layer

Operational AI & Simulation

What-If Simulations
Risk & Hazard Detection

Custom Scenario Builder
Build it Yourself

Spatial Video Intelligence
Video Embedded in 3D Space

External Feed Integration
RSS & Live Data Streams

AI-Driven Insights &
Recommendations

ABOUT US

Based in Tel Aviv and built by veterans of Israel's defense and intelligence units, Oversight's team pairs deep operational experience with world-class real-time 3D, AI, and XR engineering. We deliver a 6D operational digital twin for Edge & Cloud. **Battle-tested in demanding missions and fully integrated into one of the world's most advanced militaries.** Trusted by defense, law enforcement, and first responders worldwide.
