

# The marketplace for electronics manufacturing

[www.beeproduced.com](http://www.beeproduced.com)

- ☹️ The search for suitable manufacturers is extremely time-consuming.
- ☹️ The coordination of order details is especially laborious.
- ☹️ Long delivery routes cost time and have a negative impact on the climate.

# We solved this challenge!

beeproduced.com

The first digital  
B2B marketplace for  
electronics manufacturing  
in Europe
