Taking care of your hens

**A BIOPARTENAIRE®
LABELLED PRODUCT**

For fair and organic trade that promotes responsible farming.

SPECIAL FOR LAYING HENS

BEAUTIFUL, QUALITY EGGS

Thanks to flaxseed, the eggs of your hens receive Omega-3; nothing is better for our body than these essential fatty acids.

FARMYARD FEED COMPLETE FORMULA

COMPLETE FORMULAS

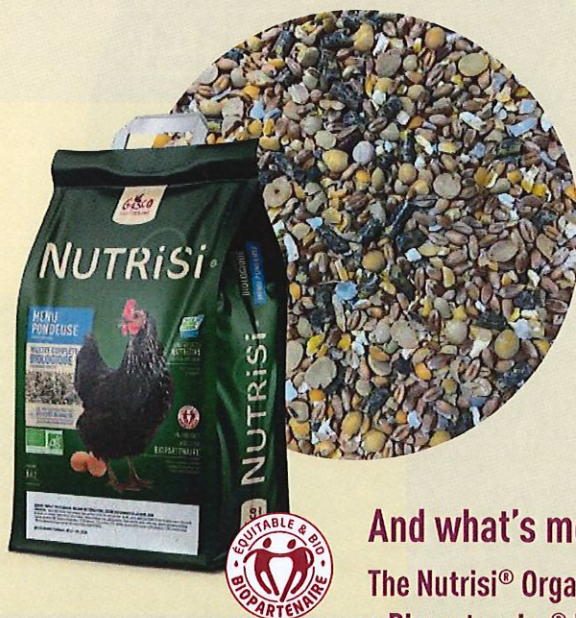

ADAPTED TO THE SPECIFIC NEEDS
OF LAYING HENS

OMEGA-3 FOR BEAUTIFUL, QUALITY EGGS!

Thanks to flaxseed, the eggs of your hens receive Omega-3; nothing is better for our body than these essential fatty acids.

RECIPES FROM THE GERS*

This product is created with cereals and natural nutrients. **Most of the raw materials used by Gasco come from our cereal cooperative Gersycoop**, which is committed to excellence. The crushed maize and toasted soya are guaranteed GMO-free. Feed adapted direct from producers from the Gers.

And what's more...

The Nutrisi® Organic Laying Hen Menu, a Biopartenaire® brand that stands for fair and organic trade.

With this associative brand, Gasco reaffirms its choice to produce a range of organic food in accordance with the criteria of organic farming and to ensure fair and sustainable economic development for farmers in the Gers. In this way, we promote the know-how of our region and of those who work to develop the organic sector within our cooperative Gersycoop.

LABELLED BRANDS

Diversify and balance your hens' diet with more vegetables, legumes, seeds rich in nutritional value (Omega-3, antioxidants, vitamins, trace elements, etc.) such as flax, alfalfa, lupins, peas, broad beans (etc.) to promote their well-being, resistance to infection and immunity.

Using Bleu-Blanc-Coeur feed means simply feeding our animals well to feed humans well, and it is good for the environment.
