About Us

JMITNL, established in 2013, has been rapidly recognized as a leading stroller wagon manufacturer and distributor by putting customers first and developing extensive knowledge and expertise. We specialize in high-end and versatile baby stroller wagons which have a lot of great usage options for parents and children alike, allowing them to treasure precious adventures.

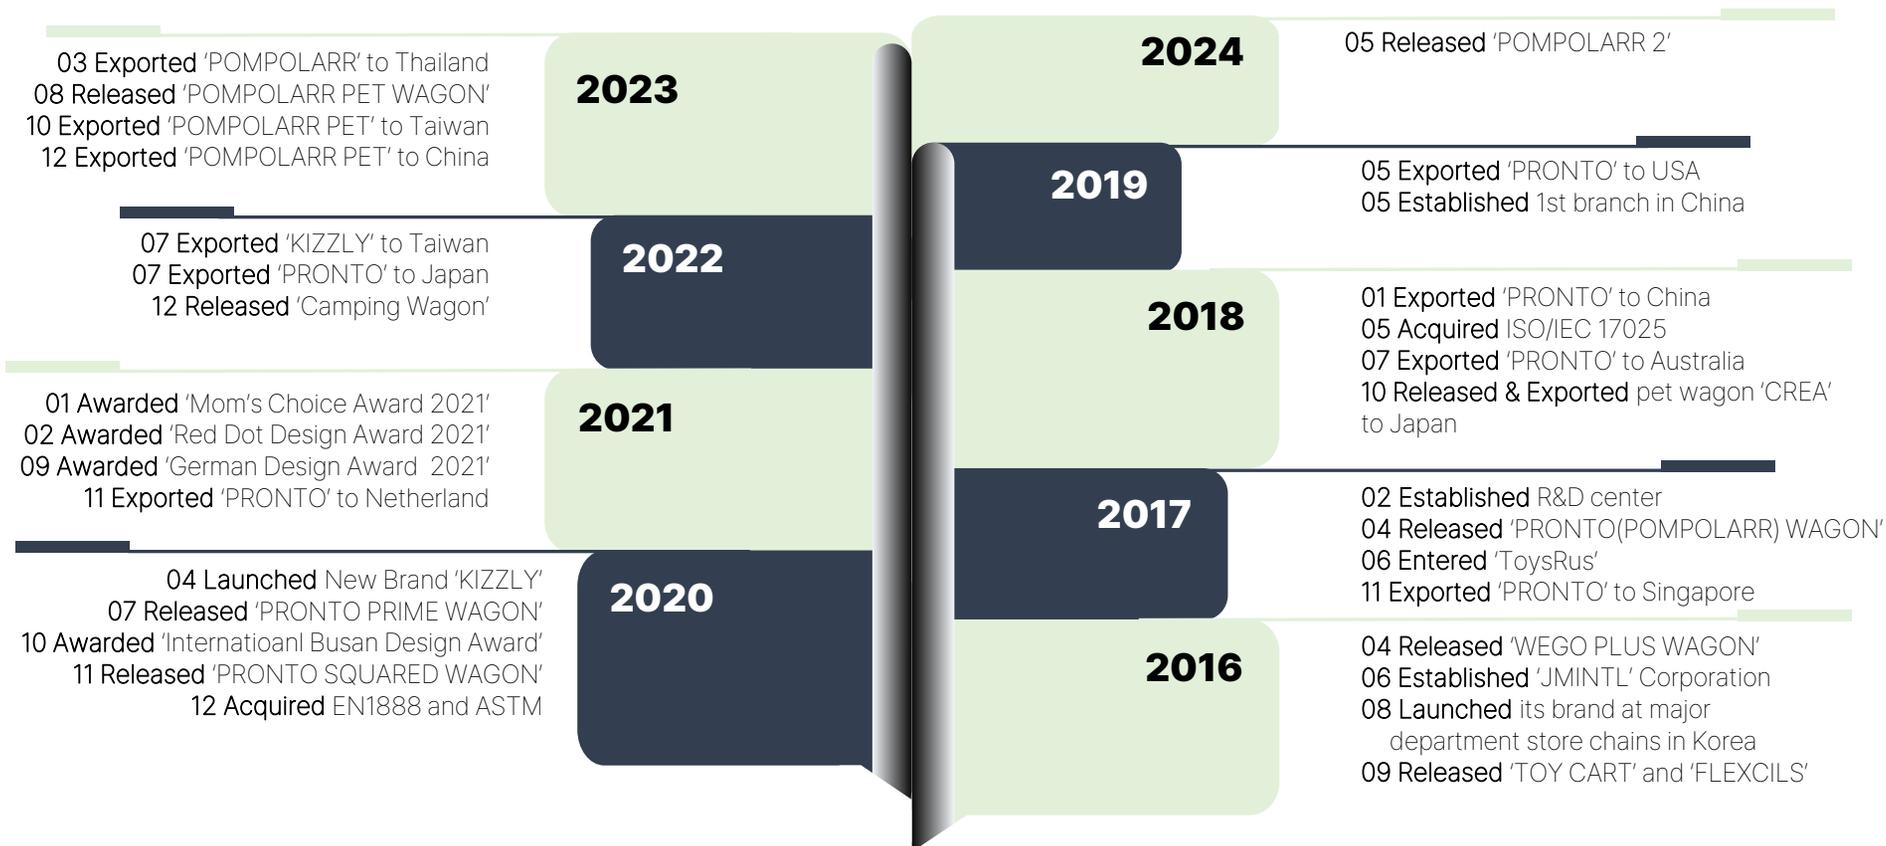

Now, for our new family members, our pets, Pet Wagon aims to provide the same comfort they have given us.

Our R&D team always strives to research, develop and conduct quality improvement efforts, which has made our stroller wagons equipped with distinguishable features our customers need for all types of activities.

We are on our journey to take our business to Global Market, especially to USA, Europe, Japan, Australia, Thailand, and China by enabling our potential customers to adventure our safe and reliable products with brand new products, constantly emerging.
